

Features:

- Available with LED, halogen (MR16, PAR16, PAR20), metal halide (PAR20), and compact fluorescent (PAR20) lamps.¹
- Precision machined from aluminum or brass with all stainless steel hardware.
- Stem is permanently attached to a thick walled canopy to prevent 'sagging'.
- 'Rotate & Lock' double taper knuckle features a full 360° of lockable rotational aiming.²
- Removable caps available in four cutoff styles.¹
- Each cap holds up to three accessories.
- Various mounting canopy options allow for surface mounting or mounting on industry standard round and rectangular junction boxes.
- CSA tested & certified to US & Canadian safety standards for use in wet locations.

1. Available lamp & cap style varies by model.

2. Knuckle is protected under U.S. Patent #6,966,679.

Model **SL6**

Low Voltage
MR16 Halogen (100W)
LED (4W)

- Dual Ø2 3/8" heads.
- Remote transformer required.

Model **SL9**

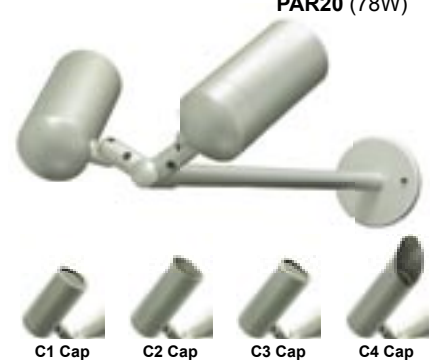

Line Voltage
MR16 Halogen (150W)
LED (4W)

- Ø3 1/8" head.
- Integral magnetic transformers.

Model **SL7**

Line Voltage
PAR16 Halogen (150W)
PAR20 Halogen (100W)
Fluorescent (18W)
LED (5W)

- Ø3 1/8" head.
- Remote transformer required with Model SL8.
- Ballasts required with Model SL10.

Model **SL8**

Low Voltage
MR16 Halogen (150W)
LED (4W)

Model **SL10**
Metal Halide
PAR20 (78W)
