

CONSTRUCTION

- A** Bracket - Made of one piece moulded 356 aluminium alloy that includes a mounting plate, an horizontal support of rectangular section, an antique scroll as well as a vertical receptacle. The bracket bolts directly to a wall or to the interface box. The integrated receptacle supports a Ø3" (76 mm) or a Ø4" (102 mm) tubular aluminium tenon on which a luminaire holder is installed.
- B** Interface box - Made of one piece moulded 356 aluminium alloy surmounted by a decorative finial. The box slips on a pole equipped with a Ø3" (76 mm) tenon and is fixed by four stainless steel set screws.

FINISH

- All surfaces are chemically treated against corrosion through a multi-stage immersion process. The polyester powder finish is applied by a thermostatic process offering an excellent protection conforming to ASTM G7, D-2247 and B-117/D-1654 standards. Standard colours are black, bronze and white with a textured finish. Consult SDL's "Colour Selection Guide" for others.

HARDWARE

- All exterior hardware is made of stainless steel.

WARRANTY

- This product has a three year warranty on the finish and against any manufacturing defect. The ballast and its components are covered by the manufacturer's warranty.
