

# Product Specification

Design: 'Elios'

## Designer: Paul Brooks

Paul Brooks graduated from Ravensbourne College of Design to go onto the Royal College of Art before joining the design team of Robert Heritage, OBE RDI, in 1983 for a couple of years. After five years in the employ of others, working on diverse products, Paul established his own Design practice in 1988 and has since worked for a host of UK, as well as other European, Furniture manufacturers becoming a well established figure in the Design community with many highly successful designs to his credit, including Trillipse, Enigma, Contour and Rhapsody amongst others for Senator.

## Features:

Elios is an excellent multi-purpose high density stacking chair family aptly suitable for dining, training, seminars, conference and meeting areas. Its unchallenging yet graceful lines will enhance and complement any environment, and its clear distinctive design provides a chair for a multitude of applications. Elios can be stacked, with or without arms up to 40 chairs high on a stacking trolley and still clear a standard 1980mm doorway. Elios is available in several finish options further enhancing its versatility; these are plastic seat and back, upholstered seat and plastic back and upholstered seat and back. All with the option of arms, linking and writing tablet. There are in fact two styles of linking device enabling the chairs to be linked in rows; one is a fold away assembly just under seat level; the other is a link glide at floor level.

Well detailed and highly tooled, Elios is a robust wire framed design with contoured moulded seat, backrest and integral moulded armrest. These are designed to provide maximum comfort and support during prolonged periods of sitting.

## Finishes:

Frames are available in polished Chrome as standard. The plastic seat, backrest and armrests are offered in Black, White, Dark Grey, Red or Green as standard. Seats and backs can be upholstered in a wide range of fabrics or leather.

## Marketplace:

Elios has the broadest possible appeal and excellent handling capabilities, particularly where multiple seating is required. A slender and versatile design that is equally at home in meeting rooms, seminar and conference facilities, training rooms, restaurants or as a visitor chair. Elios is a high quality, yet excellent value, plastic based multipurpose stacking chair.
