Valeria Estudio Andreu

Reminiscent of the American classics, and offering a well-balanced, updated touch, Valeria is a seating collection derived from the redesign of a traditional member of our catalogue – using webbing as upholstery. This model stands out

for its use of oak wood, for the exquisite webbing work and its suggestive combination of tradition and modernity. Valeria is characterised by ample proportions, well-conceived ergonomics, the

option for various upholstery versions, and its “plural” approach: chair, nestable chair, armchair and stool – attributes that make it ideal for both public and residential spaces requiring a warm, serene furnishing option.
