Save at least 50%
of your space or
Double your
storage capacity

Improve your
productivity

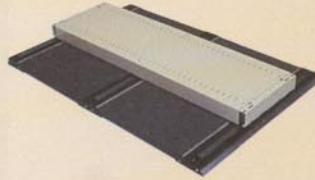

Discover the evolutionary and versatile QuadraMobile...

The modular QuadraMobile makes it easy to expand, so you can face the future with peace of mind. This unique upgrading system is designed to **EXPAND IN ALL FOUR DIRECTIONS** to fulfill the growing needs of its users.

Modular, Expandable and Portable

The modular floor concept allows for future expansion and easy relocation. The space which is made free is intact with no damage to existing floor. The modular carpeted floor comes fully pre-assembled for easy installation.

Advantages

- ▶ Very thin electrical control provides more space up-front and softly opens any selected aisle by a simple pressure on the membrane keypad
- ▶ Shelving is attached to the side of the carriage, thus providing more space up-front at floor level
- ▶ Adjustable shelves to fit any size object
- ▶ Various dimensions available (height, width, depth)
- ▶ Montel's QuadraMobile Up-Front gives 20% more space up-front VS some competitor's similar products
- ▶ Smoothest system in the industry
- ▶ "Up-Front" shelving cabinets are also available on "Mobilex"™ systems

Safety and Security

- ▶ Automatic lock of the aisle after a displacement
- ▶ Manual reset of the open aisle
- ▶ User activated stop button
- ▶ Motor overload protection / Motor time-out
- ▶ Toe-level infrared beam (optional)
- ▶ Human presence detection system (optional)
- ▶ Lockable devices and lockable doors can be added for increased protection (optional)

Toe-level infrared beam

Human presence detection system
