

ELLIPSE™

Multi-Purpose Seating

SITMATIC®

Field Installable Armrests

Swing Away Tablet Arm

Retractable Ganging Clip

Training Table

Flip-Up Beam Seating

Simple integral ganging clips allow Ellipse seating to be arranged in rows.

A beautiful design statement, the versatile Ellipse is a complete system of multi-purpose seating.

With optional bookrack and swing away writing tablet, Ellipse seating is perfect for training rooms or educational institutions.

Ellipse is available in a variety of functional beam seating configurations. Tables and seats can be specified in any combination.

The molded backrest supports blend the backrest into the frame, maintaining the shape of the Ellipse.

Design

Rugged construction for the most demanding use; Ellipse is designed to last in any tough environment.

Rugged

Even petite people can stack light-weight Ellipse seating. Instead of overhead lifting, simply slip one chair into the next. Easily stacks 12 high without arms and 6 high with arms.

Easy Stack

With its precision steel, the rotating mechanism of the tablet arm is designed for real world use.

Strength

Upholstery zips off for easy replacement or cleaning.

Convenience

Strength is assured with the 15 gauge, welded steel frame.

How to Specify

Start with the model number of the basic chair in the first column. Order desired options by adding the suffix codes indicated to this model number. To complete the order, specify your choice of seat and back plastic color, or a fabric from over 180 standard Sitmatic fabrics or specify your own material, (COM). The chair shown below is just one example of the many possibilities.

922 BR TR

922- Ellipse, upholstered
with black frame
BR- Book rack
TR- Tablet arm right

Popular fabric choices

2182 Amethyst 2124 Sapphire 2216 Charcoal
