**Black Low-Iron Float**

## GLASS TYPE

Decorative

## DESCRIPTION

Dekormat® Black glass is a superior alternative to ordinary backpainted glass. Unlike regular backpainted glass, Dekormat® is a ceramic frit product so the coating will not peel or scratch off. Because it can withstand higher temperatures, it is an ideal choice for backpainted installations behind stoves. This revolutionary product comes in convenient stock sheets that can be cut, fabricated and tempered like ordinary glass.
