

## PRODUCT

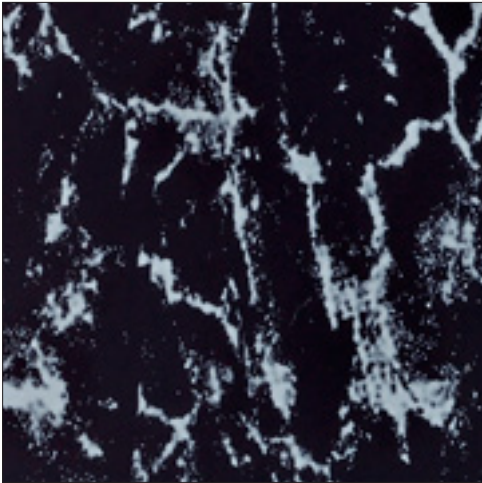

**Black Marble**

## GLASS TYPE

Decorative

## DESCRIPTION

Dekormat® Black Marble gives projects the look and feel of marble with the weight and cost-savings of glass. This post-temperable product is a ceramic frit, so the coating will not peel or scratch off. Because it can withstand higher temperatures, it is an ideal choice for backpainted installations behind stoves. Black Marble comes in convenient stock sheets that can be cut, fabricated and tempered like ordinary glass.
