

PRODUCT**Seedy****GLASS TYPE**

Decorative

**DESCRIPTION**

Seedy is made in USA by the Spectrum Glass Company. The consistent and high-quality Seedy product has been used for decades in stained and cabinetry applications. As a result of the new larger sizes and the new 3/16" thickness, more designers are choosing to use Seedy. Seedy is temperable at 3/16", but it is an art glass and as such, the results may vary.

TREATMENT**PACKING**

Light Case; Approximately 25-58 pieces per case depending upon thickness and size
