B&N ICONIC PANELS
FRESH. FUN. FUNCTIONAL

© 2007-2008 B&N Industries, Inc.

Introducing Iconic™ Panels, an exclusive line of elegant carved relief panels from B&N. Inspired by important and enduring people, places, and design movements, these decorative panels feature unique patterns and colors that can dramatically enhance interior environments.

Iconic Panels are created using an innovative process of formed laminate over a carved wood core. Incredibly durable, they can be sawn, nailed, screwed, glued, or simply mounted on walls with B&N's special Panel Cleats. Iconic Panels can also be easily outfitted with any of our shelving and accessory hardware, and work especially well with our Puck™ System.

Iconic Panels. The next dimension of interiors.

Inspired by the found-object assemblages of this woman artist, Louise panels are an homage to one of the most important twentieth-century abstract expressionist sculptors.

Fire Rated Panels
Iconic panels have been tested with Underwriters Laboratories, Inc. to determine the fire and smoke characteristics. Iconic panels (except the Color-Core mdf) can be ordered to comply to NFPA Class A / UBC Class I. Our stock mdf complies to NFPA Class C / UBC Class III.
Class A / UBC Class I Panels: add $120.00 per panel

Moisture Resistant Panels
We do not recommend our stock Iconic Panels to be used in areas that are subjected to high moisture. However, we can manufacture panels with a moisture-resistant mdf core. To find out more about additional charges and moisture-resistant technical data, please contact your sales representative.

"Green" Panels
Iconic Panels can be produced with a no-added formaldehyde mdf core, where indoor air quality (AIQ) is a concern. This panel core is SCS and EPP certified for no-formaldehyde and 100% recovered and recycled wood fibers, where installation in LEED buildings is desired. To find out more about additional charges and "green" technical data, please contact your sales representative.

PLEASE NOTE: ORDERS ON LESS THAN A QUANTITY OF TEN PANELS MAY BE SUBJECT TO AN UPCHARGE.

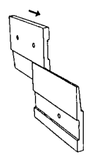
To specify your Color-Core choice, please call our sales department or your sales representative.
Color-Core mdf: add $200.00 per panel

Wall Mounting Hardware



While the panels can be screwed directly to walls, we recommend the use of Panel Cleats that come with all panels.
Panels are attached to the wall by using extruded aluminum mounting hardware, (Panel Clip®).

Panels are shipped with Panel Cleats and Wall Cleats, unless otherwise specified.

Option for Pre-Installed Puck Inserts to Accept Puck Hardware

We recommend the Puck System to accessorize your panels (refer to pages 38-40), though any of our systems will work on Iconic. The Panels are pre-drilled with threaded Puck inserts that accept the Puck Set Screw and Puck itself.

Inserts are pre-installed before your order is shipped.
The spacing for the Pucks is 11 1/2" on center horizontally, and 12" on center vertically.

You can have any number of Puck inserts pre-installed in your panel, up to a maximum of 32.

Indicate the locations that you would like to have Puck inserts on each panel.
The price for installing each insert is as follows:

11 1/2" h x 12"v o.c.
Pre-Installed
Puck Inserts $3.00/ea
