

reddot design award
honourable mention 2008

Adaptability, flexibility and the different color mixing possibilities, keeping the "one piece" look are the most remarkable characteristics of the product.

Lightness is communicated through the seat and the supportless back.

Technical Specifications:

- Independent pieces of injected polypropylene with UV additive.
- Structure in steel tube 7/8" gauge 16.
- Polypropylene conic boots.
- Stackable up to 6 units.
- Extruded aluminum profile.
