HBF Fairmont Casegood Specifications

All HBF casegood orders must be accompanied by suite layout drawings.
 Drawings are needed to confirm proper unit configuration.
 If drawings are not included, orders may be delayed to confirm specifications.

Profile Edge Details

Worksurfaces

Fairmont has a 1 3/8" (35mm) thick worksurface and premium grade veneer top faces, edges are bordered with veneer solids.

Veneer

The following slip matched, plain sliced veneers are available with the finish options as shown below. Pricing for these veneers are shown by veneer grade.

Anigre: Color and grain variations are typical characteristics of anigre veneer. Color may range from light yellow to pale brown, sometimes with a pink tint. The grain pattern of anigre will also vary in frequency and size; grain pattern changes should be expected within a given product or suite of furniture.

29 Nutmeg				•			
30 Toffee		M*					

M* (maple): These finishes are available only on maple seating and occasional table products and allow the specifier to create a finish that is complementary to non-maple veneers available on conference and casegood products. HBF's maple seating and occasional table products can therefore be specified with HBF conference and casegoods constructed with the available non-maple veneers and create an office environment with complementary wood tones. These finishes are not available on conference or casegood products.

18 Biscotti on maple complements 17 Scone on sapele
 20 Hazelnut on maple complements 19 Butterscotch on anigre
 22 Cider on maple complements 21 Chai on anigre
 24 Chocolat on maple complements 23 Mocha on rift oak
 26 Latte on maple complements 25 Cocoa on walnut
 28 Nectar on maple complements 27 Honeycomb on walnut
 30 Toffee on maple complements 29 Nutmeg on walnut

All conference and casegood products are standard with a 30° sheen.

An upcharge of **10% Net** per unit for conference and casegood products, with a minimum upcharge of **\$375 Net** per order will apply for any custom wood finish.

HBF Fairmont Casegood Specifications

Pedestals	Three depths (24", 30" and 36")
Doors	Three (3) ply veneer mounted with universal adjustment concealed hinges.
Levelers	All floor casegoods have adjustable levelers.
Modesty Panels	Desk modesty panels are available as finished, fixed panels either recessed 4" or flushed. Credenza, return and bridge modesty panels are available as finished, fixed panels or as recessed, unfinished back removable access panels.
Drawers	<p>Box and file drawers are 1/2" wood, doweled to form a four (4) sided rectangle with separate drawer front.</p> <p>Drawer bottoms are 1/4" thick and fitted in a dado groove so it is captured on four sides.</p> <p>Drawer faces are mechanically attached to allow for easy alignment.</p> <p>Each desk equipped with a box/box/file pedestal will include one maple divider and one maple pencil tray.</p> <p>Center drawers are optional and include a cherry or maple pencil and paper clip tray, see HBF Casegood Accessories.</p> <p>Center drawers are standard on all Fairmont table desks.</p>
Suspension	<p>All box drawers are standard with telescopic, full extension, ball-bearing slides.</p> <p>All file drawers are standard with fully progressive, full extension, ball-bearing slides.</p>
Base Details	Fairmont incorporates a scored base detail on the user and guest sides of the pedestals.
Removable Access Panels	<p>Fairmont credenzas or returns without a finished back can be specified with removable access panels in the kneespace. This panel can be easily removed to allow for complete wall access. When installed, the top of the access panel will be 3 1/4" from the underside of the worksurface to allow for wire or cable egress. The back of this panel and the back of pedestals are unfinished.</p> <p>Fairmont credenzas or returns specified with a finished back will be constructed with a fully finished, fixed modesty panel.</p>
Pull Hardware Options	Fairmont products are standard with the Gaston, Johnston or Chatham pull in a satin nickel finish. These products may also be specified with any of the pulls from HBF's Ashton, Courant, Legacy or Mercer product lines. Each order must specify pull and finish before order entry can proceed.

Locks All pedestals are standard with face locks. All credenza storage towers, vertical storage cabinets, overhead cabinets and bookcases with doors are available with optional face locks. **Add \$95 List** per lock for factory installation. (Locks standard on vertical cabinet file drawers)

Each individual unit (i.e. desk, credenza, overhead storage unit, etc.) will be keyed alike. Lock finish will match pull finish unless specified otherwise. If complete offices are required to be keyed alike, this designation must appear on each order. Units will be shipped with the lock barrels and locking mechanisms in place. A separate package will contain the appropriately numbered cylinders for field installations. If no specific lock instructions accompany the order, random keying between complete units will be installed.

HBF Fairmont Casegood Specifications

Grommets

Grommets are optional on all Fairmont desks, credenzas, returns, bridges, table desks, corner units and desk extensions. **Add \$95 List** for each factory installed grommet. Field installed circular grommets are available, **add \$40 List**. Finishes available are satin nickel, matte black powder coat and polished brass and will match specified finish for the pull hardware, unless otherwise noted. The 2" circular grommet is used on all desks and desk extensions. The 3" circular grommet is used on all credenzas, returns, bridges, and corner units.

For added convenience, the drawings below should be used to define the placement of each optional grommet location. Please attach a copy to the order.

Desk- Bow Front Top

Credenza, Return, Bridge

Desk - Rectangular Top

All Desk Extensions

If standard grommet placement locations do not provide suitable accessibility, a formal drawing of specified grommet location showing exact dimensions must accompany the order. No order specifying non-standard grommet placement will be entered until these drawings are received and approved by HBF.

Mobile Audio/Visual Cart Electrical Access

The Fairmont mobile audio/visual cart may be specified with a power/data unit that can be mounted to any surface on the cart. The unit is standard in a black finish and will be supplied for the end user to mount as needed to meet their specific requirements. Specify **AC96NB**, add **\$295 List**.

This power/data unit provides two 110 volt electrical outlets and two data jacks. The unit uses a soft cord with grounded plug.

The electrical components provided within this group of furniture are engineered and manufactured in compliance with NEC regulation, **however it is the responsibility of the specifier and contracted installer of the furniture to be aware of the local building and electrical restrictions.** Electrical components meet both Chicago and New York electrical codes.

HBF Fairmont Casegoods - Credenzas

Credenzas - Other Configurations

HBF Fairmont credenzas are offered in many different sizes and pedestal configurations for maximum flexibility. For ease in specification, use the style number creation system described below. This system allows you to select a variety of credenza widths and place components in any configuration. Credenza pricing is calculated by totaling the individual prices of all components and the credenza top price. *Several commonly used credenzas are listed on the previous pages for your convenience.*

Style Number Creation System

Example Credenza

<u>Product Code</u>	<u>Width Code</u>	=	<u>Component Configuration</u>
31 ↓	H ↓		ABGK ↓
31 Credenza - Front finished	M 18"		A Box/Box/File 18"
32 Credenza - Front and one end finished	N 24"		B File/File 18"
33 Credenza - Front and both ends finished	P 30"		C Lateral File 30"
34 Credenza - Front, back and both ends finished	R 36"		D Lateral File 36"

Note: Fairmont units have two (2) pulls per lateral file drawer (Components C and D)

Style Number Descriptions

Product Code: Denotes the product as a credenza and also specifies the number of credenza finished sides.

31 - 1 Side: Only the front (user side) is finished. These units have unfinished backs.

32 - 2 Sides: Front and one end is finished. Credenza back is unfinished.

33 - 3 Sides: Front and both ends are finished. Credenza back is unfinished.

34 - 4 Sides: Front, back and both ends are finished. Credenza back is finished.

Fairmont: Edge detail each finished side, no overhang.

Finished - 1 Side (**31**)

Actual Depth = 24"

Unfinished Back

Finished - 2 Sides (**32**)

Actual Depth = 24"

Unfinished Back

Finished - 3 Sides (**33**)

Actual Depth = 24"

Unfinished Back

Finished - 4 Sides (**34**)

Actual Depth = 24 3/4"

Note: Additional 3/4" added to depth for Product Code 34

Finished Back

Width Code: Denotes the actual width of the credenza.

Note: Credenza pedestal back recessed 4" to allow for wall access and wire management.

HBF Fairmont Casegoods - Credenzas

Credenzas - Other Configurations

Credenza Tops, Descriptions and Pricing

All available sizes of Fairmont credenza tops are listed below. To calculate the price of a credenza, total the individual prices of all components and the credenza top price. Individual component prices are contained in the lists below. All credenza tops with an edge detail on the front (user side) profile are Product Code 31. Credenza tops with edge details on the front (user side) and back profiles, Product Code 34, include a finished back panel. Pricing examples are calculated on the following page.

Credenza Top Width	Width Code	Credenza Top List Price			Weight	Product Code 34 Credenzas			Weight

Credenza Components, Descriptions and Pricing

Component Configuration: Denotes the pedestal/component configuration when viewing the credenza from the user side and reading left to right. When selecting from the following components please ensure the width of credenza top specified will accommodate all selected components. Kneespaces will account for the difference between credenza overall width and the total width of all specified components coded A, B, C, D, U, E and F. Minimum kneespace width should be at least 24".

Casegood Components	Component Code	OW	List Price			Weight
			Veneer 1	Veneer 2	Veneer 3	
Box/box/file	A	18"	1334	1441	1601	125
File/file	B	18"	1334	1441	1601	125

		31" - 60"	397	428	476	42
		61" (2 panels)	721	779	865	60

Note: Fairmont units have two (2) pulls per lateral file drawer (Components C and D)

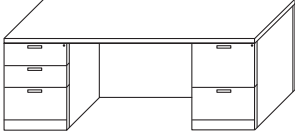

This kneespace panel is completely removable to allow for wall access. It has a standard black unfinished back and is finished inside. The width will vary based upon credenza top width selected and the width of all specified components. The removable access panel price is based on its width. Only specified for Product Code 31, 32, 33.

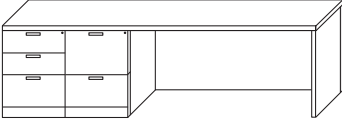

Finished modesty panel	H	varies	No Charge (Product Code 34)	N/A
<i>The panel is fixed and is finished on both sides. This kneespace panel is standard on all kneespace credenzas with edge details on the front and back profiles (Product Code 34). Its size will be automatically selected. There is no charge for a finished modesty panel as its cost is contained in the pricing above for credenza tops with front and back edge details. Only specified for Product Code 34.</i>				
Open back	J	varies	No Charge	N/A
<i>No removable access panel or finished modesty panel will be placed in the back of the kneespace.</i>				

Note: *1. Specify left hinge or right hinge on single door cabinets.

HBF Fairmont Casegoods - Returns

Returns - Other Configurations

HBF Fairmont returns are offered in many different sizes and pedestal configurations for maximum flexibility. For ease in specification, use the style number creation system described below. This system allows you to select a variety of return widths and place components in any configuration. Return pricing is calculated by totaling the individual prices of all components and the return top price. *Several commonly used returns are listed on the previous pages for your convenience.*

Style Number Creation System

HBF Fairmont Conference Table Specifications

Tables with Wood Bases

Veneer Premium grade flat cut veneer tops. Edges are bordered with veneer solids or edgebands.

Top Edge Detail

Worksurfaces Fairmont conference tables have a 1 3/8" (35mm) thick top.

Base Options

**Wood Column Base
Round**

**Wood Column Base
Square**

Round and Square Tables with Single Wood Base

Round Metal Grommet Power/Data Plate

Fairmont Conference Tables with single wood bases are available with a compact power/data unit with a removable grommet cover. The round grommet is standard in HBF Satin Pewter powder coat finish. Grommet mounts flush with the top surface.

Tables specifying power/data capabilities will be equipped with a power/data unit that provides two (2) 110 volt electrical outlets and two (2) Cat.5E data jacks. This unit is hardwired and must be installed by a licensed electrician. Bases for tables with power/data access incorporate a hinged wood door on the side of the base to allow access to floor connections.

The electrical components provided within this group of furniture are engineered and manufactured in compliance with NEC regulation, however ***it is the responsibility of the specifier and contracted installer of the furniture to be aware of the local building and electrical restrictions.*** Electrical components meet both Chicago and New York electrical codes.

Additional voice/data inserts are available to replace the standard data jacks. These inserts can be ordered from Doug Mockett & Company (www.mockett.com) and installed as required by the end user's data specialist to accommodate specific requirements.

HBF Fairmont Conference Table Specifications

Rectangular, Boat and Elliptical Tables with Multiple Wood Bases

Round Metal Grommet Power/Data Plate

Fairmont Conference Tables with multiple wood bases are available with either a round or oval grommet and power/data access units. Bases for tables with power/data access incorporate a hinged wood door on the side of the base to allow access to floor connections.

The removable round grommet is standard in HBF Satin Pewter powder coat finish and mounts flush with the top surface. The power/data unit provides two (2) 110 volt electrical outlets and two (2) Cat.5E data jacks. This unit is hardwired and must be installed by a licensed electrician.

The hinged oval grommet is standard in HBF Satin Pewter powder coat finish and mounts flush with the top surface. The power/data unit provides four (4) 110 volt electrical outlets and six (6) Cat.5E data jacks. This unit is hardwired and must be installed by a licensed electrician.

The electrical components provided within this group of furniture are engineered and manufactured in compliance with NEC regulation, however **it is the responsibility of the specifier and contracted installer of the furniture to be aware of the local building and electrical restrictions.** Electrical components meet both Chicago and New York electrical codes.

Oval Metal Grommet Power/Data Plate

Additional voice/data inserts are available to replace the standard data jacks. These inserts can be ordered from Doug Mockett & Company (www.mockett.com) and installed as required by the end user's data specialist to accommodate specific requirements.

Pedestal Bases

Round and square pedestal bases for tables specifying power/data access incorporate a hinged wood door to provide easy access to the inside of the base.

Wood Column Base Placement

Note: In style numbers "Y" equals a round base, "I" equals a square base.
