## BENEFITS

Allows V.E.S. to integrate seamlessly into any work environment and complements any corporate culture.

Enhances the overall aesthetics of V.E.S. and adds sophistication at an affordable price point.

Provides privacy for users, ultimately increasing employee productivity and satisfaction.

Reduces the end users cost of acquiring the product and reduces the amount of down-time associated with installing new office furniture.

V.E.S. does more with less. One connector reduces inventory and ultimately reduces cost of ownership.

Facilitates user accessibility, and maximizes storage potential.

Enhances the aesthetics of V.E.S.

Adds functionality and increases organizational potential of storage units.

Ensures optimal product quality and compliance with North American standards.

Facilitates power and data access in installation and re-configuration.

Simplifies and reduces time in the specification process.

Greater freedom for cabinetry positioning.

Expedites installation while reducing the amount of components required.
