# Aspire is comfort at work.

Aspire offers an attractive profile with the flexibility to address a full range of functional requirements. The result is an ideal solution for offices with a broad cross-section of usages, including 24-hour and above-average applications, or for more unified workforces.

Aspire Drafting Stool

Aspire 7:24

**Aspire 7:24** Offers a reinforced mechanism with a seat slider and 4-way adjustable arms to accommodate the unique requirements of a multi-shift environment such as a call center.

**Aspire XL** Reinforced mechanism, arms and pneumatic cylinder offer a solution for individuals requiring additional support in the height and width of the chair. The seat is 3" wider, 1" deeper and 1" thicker, while the back is 3" wider – offers comfort and ergonomic support to above-average individuals. Aspire accommodates each employee's needs while maintaining a uniform look throughout the office.

**Aspire Executive** Infuses executive style into the standard Aspire version. Double stitching on the back and seat give Aspire Executive an image of status while still maintaining consistency with the standard version of the chair. Leather is applicable on the Executive version. Conference chairs differentiate an executive boardroom, while guest chairs permit a seamless integration into an executive office.

## Aspire Applications

Task, Conference & General Use, Guest, Drafting Stool
