Translucent white glass provides excellent daylighting and a sophisticated aesthetic. Bendheim has taken this concept to a new level by creating the Spirit Collection™ available in a wide variety of textures and interlayer opacities. Now, translucent white glass offers architects and designers an array of aesthetic choices to suit their individual project needs.

Bendheim's Spirit Collection™ can be custom created using an unlimited number of patterns, including low-iron options. The collection is currently offered in six textures (*Ice Water*, *Winter Garden*, *Graphic*, *Motion*, *Venetian*, and *Pinstripe*) and three opacity levels of polished white (*Purity*, *Radiance*, and *Veil*). The glass ranges from approximately ¼ to ¾ inches in thickness and is available in large sheet sizes. The Spirit Collection™ can be utilized in a variety of interior and exterior building installations; not intended for use in frameless doors or applications requiring drilling or notching.
