

PIVOTBACK™

A healthy new concept in seating

flex-back
system

PATENTED ERGONOMIC BACK SUPPORT

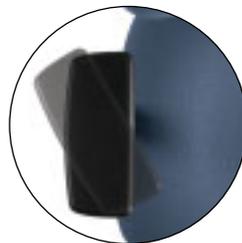

Arm slides away from seat (with WA option)

Arm moves up & down for keyboarding support

Armcap slides forward & back to position for body size

Articulates inward, aiming toward keyboard

Armcap slides over top of seat, narrowing arm spacing

The patented pivoting back ensures constant contact with the user's body providing exceptional support and encouraging active movement of the spine, discs and muscle structure of the back. A chair for individuals that are concerned about healthy sitting postures.

The back of the chair features an impact resistant outer shroud for extra durability. Seat depth is variable so that it can be adjusted to comfortably to match the users leg length. Pivotback's state of the art arm (G1) provides a full range of adjustments for computer use, ensuring arms can be positioned for keyboarding comfort, proper support and productivity.
