Itis table

Naoto Fukasawa 2009

Table standing luminaire for direct task and diffused LED lighting.

- re-engineered using stronger newly innovative low energy LED light source to provide a warm (2900k) intense light resulting in a 20% increase in light output yet decreasing energy consumption by 25%
- body, base, and head in steel with glossy black or white painted finish
- side diffuser in transparent polycarbonate
- stem pivots at base up to 90°
- head rotates up to 180°
- dimmer switch on base
