

epis series

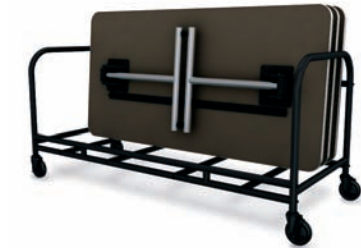

flip & nesting

Space-saving flip top mechanisms offer intelligent storage solutions for active dining environments.

folding

Durable folding mechanisms allow for painless set up, break down and storage of T base dining room tables. Risers and Anti-Sag Bars grant folding capabilities to large and small tables alike.

Sturdy table carts are available to assist with the transportation and storage of folding tables.

custom table tops

Nevens is able to provide customized table tops using solid surfaces, stones, specialty woods and laminates. In addition to specializing top materials, tables may be further customized with digital graphics.

Laminate with Digital Graphics

Pinnacle Base

epis series

table shapes

Epis Series tables feature round, square and rectangle tops with multiple edge choices. Drop leaf tables are also offered. Edge profiles include laminate self edge, t-mold and wood edges.

bases

Pinnacle

Epis Series bases are available in powder coat and polished chrome finishes. Optional casters provide ease of mobility.

Black Caster

height adjustable mechanism

Available Pin Adjustable options provide greater flexibility. Both X and T bases may be adjusted from standard heights to wheel chair accessible heights to meet the needs of multiple users.
