

Assembly Instructions

4XL

Instructions

1. Holding upright, insert (4) flat Phillips head bolts through each of the (4) mounting plates and into the top of vertical columns.
2. Tighten bolts securely with Phillips ratchet wrench.
3. Attach (4) feet to the round hub by inserting (4) bolts and lock washers from the inside of a hub into the feet. Hand tighten the bolts. Using 13mm ratchet wrench, tighten bolts securely.
4. Invert columns with mounting plate assembly and set mounting plates on the floor with the bottom of the columns up. Place foot assembly over the columns lining up the holes in the foot assembly and the columns. Insert (4) bolts through the feet and into the columns. Hand tighten the bolts.
5. Using 13mm ratchet wrench, tighten bolts securely.
