

mini quiet ceiling
mini accurus

small aperture trimless and
flanged recessed fixtures

mini

The Minis offer the same high quality design and construction and many of the same features as their larger siblings in Quiet Ceiling and Accurus. What sets the Minis apart is the small aperture and overall smaller size.

These specs qualify Mini Quiet Ceiling and Mini Accurus as being among the smallest recessed MR16 trims in the industry.

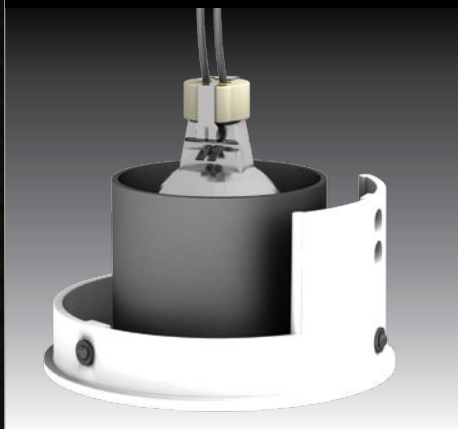

Fixtures are offered in both TRIMLESS (Mini Quiet Ceiling) and FLANGED (Mini Accurus) versions. Both versions are available in round or square shapes in four styles:

- **FIXED DOWNLIGHT**
- **FIXED SHOWERLIGHT**
- **WALL WASH**
- **ADJUSTABLE DOWNLIGHT/ACCENT**

Lamps are 12V MR16 50W max, CMHMR16 Ceramic Metal Halide 20W, or ES16MH Enhanced Quartz Metal Halide 39W.

Housings for new construction, AirTite I.C., remodel and special ceiling applications are available.

FIXED DOWNLIGHT / WALL WASH / SHOWERLIGHT

MINI QUIET CEILING NEW CONSTRUCTION HOUSING

Item #	
QCM500	New Construction for Round Trim - 12V MR16 50W max.
QCM510	New Construction for Square Trim - 12V MR16 50W max.
QCM500MH	New Construction for Round Trim - CMHMR16 / ES16MH
QCM510MH	New Construction for Square Trim - CMHMR16 / ES16MH

Low Voltage Transformer (QCM500 or QCM510 only)

ELC	12V 50W Electronic Transformer
MAG	12V 50W Magnetic Transformer

Metal Halide Ballast (QCM500MH or QCM510MH only)

20	20W Electronic Ballast for CMHMR16
39	39W Electronic Ballast ES16MH

Transformer / Ballast Primary Voltage

120	120V (Standard)
277	277V (Consult factory for 277V metal halide ballast availability)

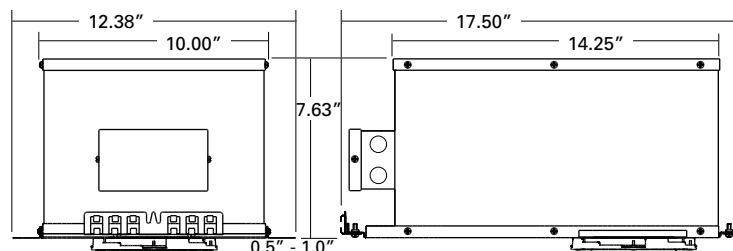

New Construction Ordering Examples

QCM500-ELC-120 - For round trim, 12V MR16, Electronic Xfmr., 120V
QCM510MH-20-120 - For square trim, 20W CMHMR16, 120V

- For new construction applications
- Adjustable mudding ring with ceiling thickness indicators
- Perforated screw-down brackets for secure installation to drywall ceilings
- Housing includes low voltage transformer or electronic metal halide ballast and j-box.
- 120V/277V input. U.L. listed for through branch wiring.
- Housing and plaster frame constructed of 18 gauge CRS with durable powder coat finish.
- Thermal protection provided to guard against overheating and misuse of insulation. Vent holes in housing provide cooler operation.
- Includes butterfly brackets and adjustable 16 ga. steel hanger bars.
- **POSI-GRIP** GU5.3 bi-pin socket included with low voltage housings.
- **GX10** twist-lock socket included with metal halide housings.

Ceiling Cut-Out: 5.50"
