

LaFaenzaCeramica

Frisia

A collection with a sober soul and neutral body as the ideal surface covering for use in ultra-modern spaces. The basic colours (white, beige, grey, black) and the large size were chosen as the ideal solution for enhancing its design impact. Single-calibre rectified glazed porcelain tile. Sizes: 50x100 cm and 60x60 cm. Presented for the first time at Cersaie 2010.
