

FIRST SIGHT
OCCASIONAL

First Sight™ tables, inspired by the design of steel-hulled ships in which holes are punched out of a single exterior skin, suggest a fluid, single-piece shape. A hint of the 1960s prevails, though the winding frame's materials and subtle tapers are decidedly modern. First Sight round and square tables feature steel frames in metallic silver or white powder-coat, topped with wood or backpainted glass, in coffee- and side-table sizes. *Designed by Mark Goetz.*

ROUND: 20, 36, 42
SQUARE: 23, 36, 42
HEIGHT: 16.25
