Lateral 30"(762mm)	15 9/16"(396mm)	25 5/8"(651mm)											
Lateral 36"(914mm)	15 9/16"(396mm)	31 5/8"(803mm)											

<b>Lock Programs</b>	<p>Desks, returns and credenzas with pedestals, wardrobe/storage units, and lateral files each feature one or more locks. Vertical storage units with flipper doors are available with or without locks. Locks will be randomly keyed unless specified keyed-alike or master keyed.</p> <p>All locks will have a standard matte black finish regardless of veneer type or wood finish color.</p> <p>Refer to the current Lock Programs Specification Guidelines Price List for ordering instructions and master keying price.</p>
----------------------	---

# PLACES

## Wood/Finish Features

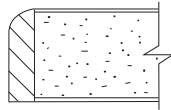

PLACES wood casegoods are constructed of one of the following veneer and solids options: cherry veneer with cherry solids, maple veneer with maple solids, or double cut veneer with double cut solids.

Veneer grain for double cut veneers is laid up horizontally on casegood drawer and door fronts. Veneer grain for natural veneers is laid up vertically on casegood drawer and door fronts.

All cherry and maple veneers are plain-sliced and book-matched.

The EcoShield™ finish uses water based stains and water based UV cured urethane top coat to provide a consistent, hard and durable surface. Wood pores are open to reflect the nature of each particular species. EcoShield is a low VOC, low formaldehyde emitting finish.

## Edge Detail

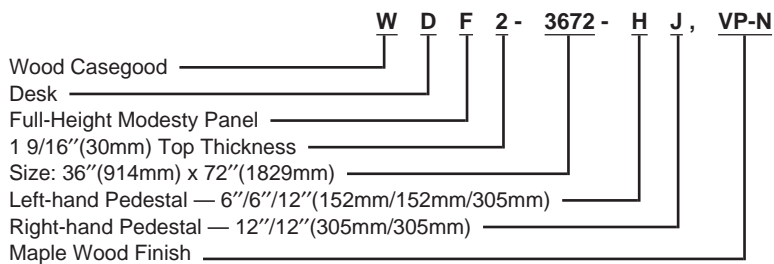

## General Specifications

PLACES wood casegood product specification numbers are based on an alpha-numeric logic that identifies a product by product line, size, and certain characteristics.

For example, a product number that reads **WDF2-3672-HJ** identifies the product as a wood desk with full-height modesty panel and a systems top thickness, 36"(914mm) wide by 72"(1829mm) deep, and having 6"/6"/12"(152mm/152mm/305mm) and 12"/12"(305mm/305mm) pedestals.

The alpha-numeric logic for this product complete with wood finish color code is shown below:

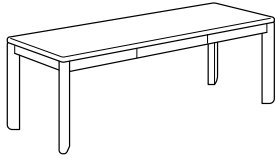

## Finishes and Fabrics

A complete listing of finishes and fabrics for PLACES wood casegoods can be found on pages 339-343.

**Features**

- 60"(1524mm)-wide model features one flipper door; 66"(1676mm)- and 72"(1829mm)-wide models feature two flipper doors and two interior compartments.
- Fabric covered tackboards.
- Locks standard.
- 19 1/2"(495mm) clearance from worksurface to underside of storage unit valance.
- For additional features, see below.

**To Order, Specify:**

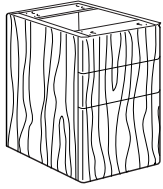

- 1) Product number.
- 2) Wood finish color.
- 3) Fabric surface and color.

**Features**

- Finished wood outside back for freestanding applications.
- Interior clearance height is 12 5/8"(320mm).
- Total height when mounted on a desk or credenza is 68"(1727mm).
- Vertical storage units attach to the top of desk and credenza units of equal width; they may not span over two base units.
- Attachment hardware is included in price.
- When unit is attached to a single desk or credenza shell, the base unit must have one suspended pedestal or under surface lateral file attached to it for stability.
- When units are attached to base unit shells that themselves are attached to adjacent bridges, returns, or corner units, pedestals are not required.
- Accepts only under counter task lights.
- Task lights must be the next size increment smaller than storage unit width.
- 60"(1524mm)-wide unit accepts task lights up to 54"(1372mm)-wide.
- 66"(1676mm)- and 72"(1829mm)-wide units accept task lights up to 60"(1524mm)-wide.
- Units come standard with pass-through cut-outs to route task light cords.
- Locking units feature two locks and may be specified keyed-alike or master keyed.
- Tackboards not interchangeable with PLACES system tackboards.
