

**NEWS - FOR IMMEDIATE RELEASE**

**AN OASIS OF ORIGINAL STYLE**

Mabuno (ma - boo - no) stands for re-creating the already existing. It is simplistic and innovative design applied to a vast variety of furnishings and interior decor. "Cedros" is their new premier line of eco-friendly contemporary furnishings, showcased are one-of-a-kind artistic tables made from 100% sustainable materials with all natural finishes.

Mabuno's "Cedros" Collection of unique artistic tables implement the use of minimal materials consisting of salvaged wood and recycled metals. Mabuno uses organic slabs of walnut, hard maple, cherry and oak from sustainably managed farms in the mid-west. They transform aluminum, stainless steel and copper from architectural and industrial salvage into their designs. Each creation holds an in-depth narrative comprised of environmental awareness, a sense of history, and an oasis of original style within the modern world. Mabuno products emphasize the "life" in the objects one lives and works with.
