

# Specifications

## Design

All creative materials should be submitted as production ready artwork in a digital file format. Please follow the guidelines when preparing your artwork.

### I. Images

- 1 Images that include photographs, JPEG, BMP, TIFF, GIFF, PICT, should be high resolution (150DPI or more if full scale) unless low-resolution appearance is required.
- 2 Depending on the method on which images are applied to the glass, basic image manipulation will be required to achieve the right appearance for a particular finish at no extra cost to the client.
- 3 The amount of design time will be determined for each project depending on the complexity of the graphics.
- 4 JBGS can provide full graphic design or artwork services for a fee of up to \$125/hour.

### II. Illustrations

- 1 Illustrations include Vector or Line based drawing files in Adobe Illustrator (AI or EPS), Corel Draw, Free Hand, Auto Cad (DWG or DXF), Minicad.
- 2 Artwork for illustrations should be provided as an accurate scale drawing with detailed dimensions and/or specifications indicating clearly the required size of the graphics and its position on the glass panel.
- 3 If color is required, it should be specified as per JBGS standard Texture Color Guide or Pantone reference number.
- 4 Any files containing images and/or fonts, are required as separate files, as referred to in section I and III respectively. JBGS can provide full graphic design or artwork services for a fee of up to \$125/hour.

### III. Fonts

- 1 For artwork that requires a specific font type (Ex. Logos), JBGS will require the font file for that specific type unless it is converted to outlines, in which case the file will be regarded as an illustration as noted in section II.
- 2 JBGS can provide full graphic design or artwork services for a fee of up to \$125/hour.

### IV. PDF Files

- 1 High resolution PDF files with all fonts embedded can also be used for any production ready artwork in any of the above formats.

### V. Design Services

Joel Berman Glass Studios provides comprehensive services necessary for the design, modeling, prototyping, fabrication, engineering, lighting, CAD and installation supervision of the glass art.

Our fees for design services are:

Principal	\$150/hour
Architectural Design	\$125/hour
CAD	\$85/hour
Industrial Design	\$125/hour
Engineering	\$150/hour +
Prototyping and studio time	\$85/hour + material
Lighting Design	\$Hourly by others
Graphic Design	\$125/hour

All prices mentioned herein are for budgetary purposes only. The scope and scale of the project will determine final quotations. Disbursements will be billed separately.
