

## Kwalu Corner Guards

1. Choose the desired wing dimension (  $\frac{3}{4}$ ",  $1\frac{1}{2}$ ", 2", or 3").
2. Specify the height of the corner guards (standard heights are 4' and 8'. Custom heights are available up to 8').
3. Specify the angle of the corners to be covered (90°, 135°, or custom).
4. Specify the application/mounting method desired (factory-applied double-sided tape or customer supplied construction adhesive).
5. Specify the wood grain color.
6. Specify if you would like Kwalu to perform the installation, or if an independent installer will be used.
