lounge and lobby and gang seating collections

Dynamic Collection

84 Series Available as single, double or triple seaters, with an engineered grip on the end of the arms, the Dynamic collection can be further enhanced by choosing between various backs, center arms and/or upholstered side panels.

Momentum Collection • 8 Series

Designed just like the Dynamic collection, with all the same options, the Momentum's arm shape is modified to have a greater angle, which aids in transitioning from a seated to a standing position.

For supreme comfort in your lounge and lobby areas, the Oslo Collection comes in free standing, gang and inline seating with optional connecting and corner tables.

Copenhagen Collection • 57 Series

The contemporary Copenhagen styling is available in single, double, or triple seat configurations. Additional options include upholstered side panels and the choice of excluding center arms.

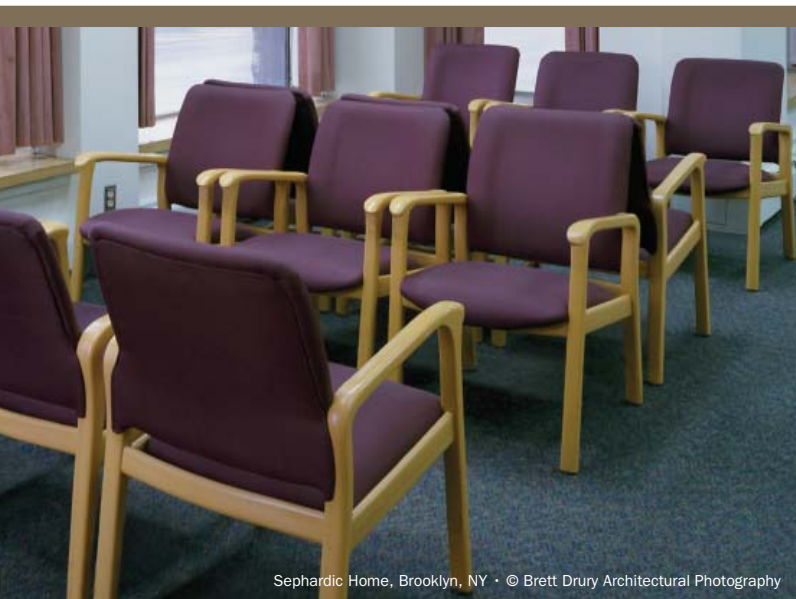

Oslo Collection • 57 Series

The sleek lines and gentle curves of the Oslo collection, with its engineered grip on the end of the arms, create an inviting space in lobby and waiting areas.

Seville Collection • SV Series

The streamlined Seville collection offers an array of motion options for the single seater, as well as double and triple seat configurations for ganging. Select from two different back shapes and whether or not to include center arms.
