

resident and patient room collections

Majestic Collection • 7 Series

Elegant, traditional arm chairs designed for stability and comfort, the Majestic collection also features the popular mix and match components our customers enjoy. Choosing one of our scuff- and chip-resistant frames with a clean-out and Crypton fabrics can ensure an easy-to-clean resident room chair that will look like new for years to come.

Healthcare Collection • HC Series

Designed with the healthcare needs of acute care patients and long term care residents in mind, Kwalu's Healthcare collection of arm chairs feature 2 styles of ergonomically designed arms to assist patients and residents with ingress and egress.

While perfect as an extra seat for visitors, the high back and ergonomic arms of the Majestic collection's Elizabeth Arm Chair provides residents with an easy way to lift themselves from a sitting position.

Regal Collection • 5 Series

Design your own masterpiece by combining any of the mix and match elements of the traditional Regal collection to meet the needs of your facility. Choose from several arms, legs, underframes, back shapes and upholstery styles. Unleash your creativity!

Virginia Resident Room Chair 78 Series

Kwalu's latest design brings a fresh new look to our highly successful resident room chair collections. The ultimate in comfort and style, the Virginia resident room chair features an ergonomic back and specialized arm grips designed to better help your residents lift themselves from a sitting position.

Kwalu's Acute Momentum Recliner is also available as a rocker or Trendelenburg model (allowing patients' feet to rest above their hearts during certain treatments or procedures).

Acute Momentum Collection

88 Series Specifically designed for acute care patient and treatment rooms, the Acute Momentum collection comes with options like heavy duty locking casters for wheeling patients from room to room, and IV-poles to attach IV bags during treatments.

Momentum and Dynamic Collections 8 and 84 Series

The Momentum (angled arms) and Dynamic (level arms) collections features various combinations of high-, medium- or low-back heights, non-motion and motion chairs, with standard arms or upholstered panels and several back shapes from which to choose. Use a motion chair for residents who find comfort in rocking chairs.

Fireside Collection • 10 Series

This collection of classic, fully upholstered wingbacks, love seats and sofas are timeless in their appeal. While the love-seats and sofas are more practical in sitting and lobby areas, the Fireside chairs fit nicely next to a bed or wardrobe for relaxing or receiving guests.

Dementia and Alzheimer's patients find comfort in the gentle rocking features of the Momentum and Dynamic Motion chairs.
