

Kwalu® Classic Seating

Patented steel-reinforced joint system – over 20 pieces of steel used in most Kwalu® Classic chairs!

Murano

Joint fused with high-density polyurethane.

Wood-grained effect is 1/8" deep – color goes all the way through.

High-impact resistant polymer finish will not chip, crack or split.

Kwalu® Classic Seating

Kwalu offers the industry's only 10-year warranty on both frame and finish.

Kwalu is scuff-resistant and repairable in seconds.

Kwalu seating is steel-reinforced with a patented joint system.

Kwalu replaces costly and time consuming maintenance with simple housekeeping so Kwalu products do not need to be removed from service in your facility.

Kwalu reduces your risk of liability by virtually eliminating joint failure. No glue or screws are used in the joint.

Kwalu seating is waterproof and cannot absorb odors.

Kwalu's antimicrobial finish is impervious to most common chemicals.

The high-impact resistant polymer promises residents a warm, pleasant, wood-like temperature to the touch.

Available in a number of wood-grained and solid colors.

The wood-grained effect goes the entire way through and will not wear off or chip.
