SIERRA

A NEW GENERATION OF CASEGOODS

“The greatest revolution of our generation is the discovery that human beings, by changing the inner attitudes of their minds, can change the outer aspects of their lives.”

~William James, Philosopher

XP SIERRA

a new generation of casegoods

What is the Dar•Ran Difference?

- The Rel-Viron® Finish:
 - Anti-Microbial
 -  Certified fire retardant
 - 14 finish steps for depth and clarity
 - ANSI/KCMA approved
 - Low formaldehyde, no offgassing
 - High mar/scratch resistance
 - Chemical testing: Rel-Viron® was exposed for 24 hours to clorox, hot coffee, mustard, Matar™ sanitizer and permanent markers all of which had no effect on the finish.
- Skilled project management team assists with floor plan layout and will quote, order, tag, key, and ship each order by floor, by office to ensure installation ease.
- All products Made in High Point, NC USA.
- Built-to-order manufacturing ensures on time shipments with no backorders.
- Construction elements exceed BIFMA / ANSI standards.
- Each piece is assigned to a single craftsman and shipped fully assembled minimizing semi-skilled field assembly errors.
- Factory assembled configurations ensure fit and finish.
- Nationally located Factory Service Centers.

By renouncing limitations in choice,
expanded designs have formed.
A desk is no longer just a desk -
it's an expression of art....

xp

Finishes and veneers are not just wood and color.
They are a canvas of texture and paint.

xp

Products don't just support your work, *they protect with anti-microbial, sanitizer friendly worksurfaces.*

xp

Castered storage solutions give small workstations mobility *and overhead units don't compromise desk space.*

xp

Collaboration and teaming is the coming together in a work space for expression of ideas, flexibility, and faster decisions, *while offering privacy, storage and space to work productively.*

xp

From the first impression.....

xp

..to the final successful meeting.

ABOUT THE REL-VIRON FINISH

Dar•Ran's Rel-Viron® finish is one of the 3 top finishes in the furniture industry as well as a leader in flooring and kitchen cabinetry. This 14 step conversion varnish is low formaldehyde, low VOC's and mar/scratch resistant. The Rel-Viron® Finish contains BACGUARD™ Anti-microbial protection, inhibiting the growth of bacteria and fungus on surfaces.

Rel-Viron® was also tested in chemical tests, subjecting the finish to such chemicals as clorox, hot coffee, fingernail polish remover, Matar™ sanitizer and permanent markers all of which had no effect on the finish. Rel-Viron® is ANSI/KCMA approved and  Certified as a fire retardant coating. For more information or test results, please contact Dar•Ran Customer Service at 800.334.7891.
