

A close-up photograph of classical columns. On the left, a light-colored column with a fluted shaft and a papyrus-bundle capital is visible. To its right, several dark green columns with fluted shafts and similar capitals are arranged in a row, receding into the background. The lighting creates strong shadows, emphasizing the textures and architectural details.

Handcrafted Traditional Casegoods
Woodbury-Winthrop Edition-Jamestown-Stanford Edition

DAR•RAN

Dar•Ran proudly introduces its handcrafted Traditional Casegood Collections, including the latest series, Stanford Edition, featuring beautiful Cerejeira crotch veneers on pedestal and drawer fronts. All three Traditional collections in this catalog represent three decades of refinement and craftsmanship by woodworkers from the famed Thomasville and High Point areas. Generations of woodworking skill and talent have been assembled to produce the finest heirloom quality traditional products. As you review this traditional presentation, take a moment to study the detailing by our craftsmen and appreciate the heritage of the American woodworker.

Sincerely,

Randy Hollingsworth
President
Dar•Ran Furniture Industries, Inc.

We recognize and appreciate the following Corporate and Government clients for taking time to investigate, compare, and then select Dar•Ran quality casegoods.

The Woodbury Collection is the flagship of Dar•Ran traditional products, featuring many solid hardwood details, expertly crafted one unit at a time for unsurpassed quality. For the discriminating professional, select Winthrop Edition inlay veneer detailing or add the ebony inlay top option with handcrafted corner fans.

WOODBURY COLLECTION

WINTHROP EDITION

Winthrop Edition offers Prima Vera border inlays and detailing on tops, chassis, doors, and crowns. Utilizing handcrafted sketchface panels with limited moldings makes a subtle, yet elegant and prestigious statement.

Offering a wide selection of
cabinets, top configurations,
modular storage components,
and computer compatibility, the
Woodbury Collection successfully
adapts to the demands of
today's office setting.

The Woodbury Collection uses only the finest selection of Walnut and Cherry veneers and solids with intricate detailing of fine American craftsmanship. From the rigid post and panel cabinets, to the handcarved leg base and panel moldings, each piece is solidly constructed to be an investment of lasting beauty and value.

The Jamestown Collection combines traditional styling with task functionality and modularity to achieve real workflow solutions in today's professional offices. For a unique enhancement to traditional design, select Stanford Edition featuring Cerejeira crotch veneer drawer and pedestal fronts.

JAMESTOWN

STANFORD EDITION

Jamestown has been expanded to offer the specifier the largest selection of traditional configurations and floor planning solutions in the industry. From optional moldings to antique mottled acrylic doors, Jamestown offers creativity at affordable prices.

Today's professional offices
require technical support and
organization that facilitate
efficiency from a smaller
workforce. Jamestown offers
modern solutions that can be
configured from standard
traditional product,
saving time and cost.

Rapidly changing office environments require floor plan flexibility, which has been a challenge in traditional casegoods. Jamestown modular offers traditional styling in a non-handed, reconfigurable format of assembled shells and freestanding cabinets, that greatly reduces installation and reconfiguration costs.

Stanford Edition adds an elegant yet affordable dimension to the Jamestown Collection. Featuring exotic Cerejeira crotch veneers on pedestal and drawer fronts, the Stanford Edition offers a prestigious solution for Executive offices. For a more subtle appearance, clients may choose to delete the cerejeira crotch on pedestal fronts.

Cerejeira drawer fronts are individually profile edge shaped with beltline molding inset across desk fronts. Crotch faces feature balanced heart patterns centered for maximum beauty.

CEREJEIRA

Harvested from the dry regions of Eastern Brazil and Northern Argentina, Cerejeira is a highly regarded exotic wood that serves mankind in many diverse ways. Known best for its visual beauty in furniture, flooring and automotive trim, Cerejeira excites other senses. Its fragrant smell found in its resins from seeds and bark is highly prized for perfumes and soaps. These oils have also proven valuable in the manufacturing of medicines and remedies. In addition to its fragrance, Cerejeira resins provide flavoring compared to vanilla and cumarin.

Cerejeira is a true gift from Mother Nature to mankind.

Dar•Ran's wide selection of traditional products includes casegoods, conferencing, reception, and modular wall cabinets assures interior coordination and specification ease.

MEETING

RECEPTION

Dar•Ran's traditional collections offer a variety of workplace solutions and consistent detailing from the private office to meeting rooms and lobby's. A choice of accents allow the specifier to bring Woodbury / Winthrop and Jamestown / Stanford elements into all areas of a facility.

Traditional Reception integrates function and detail, projecting the desired professional image. The 44" height exterior paneling provides privacy and workflow accessories such as tack surfaces, slatwall, and marker boards. Dar•Ran's **BAC■GUARD™** anti-microbial finish helps to minimize the spread of disease by inhibiting the growth of bacteria and fungus on furniture.

Senate Walnut

Executive Walnut

Judicial Walnut

Natural Walnut

Due to limitations in the printing process, finishes shown here may not match actual finishes exactly. See actual samples for accurate representations. Due to natural color variations in the grain and color of wood, there may be slight variations in color from one piece to another. Exposure to light and the aging process may also cause darkening of natural wood products. Due to these factors, DAR•RAN does not guarantee exact matches from item to item. Please note: When ordering a light to clear finish, the natural characteristics and variations in the grain of the wood will be more apparent. When ordering a dark or medium finish the natural characteristics and variations in the grain of the wood will be more subdued providing a more uniform appearance. All colors shown in native wood species. Colors on different species, or custom color matches are available at additional costs.
