

# Shelby Williams®

STACK CHAIRS

## The Shelby Williams Advantage

### BUILT FOR YEARS OF USE IN HIGH TRAFFIC ENVIRONMENTS

- Heavy duty steel frames
- 14 fully welded joints, no tack or spot weld
- Hardened screws, heads will not shear off during use
- Solid plywood seat construction, provides superior gripping power for screws
- All contoured seat construction of molded/contoured plastic

### SUPER TOUGH FINISHES

- Blended epoxy and polyester based Tufcote®
- Phosphate washing system cleans metal and prepares for finishing
- Nickel base coat prepares surface for plated finishes, insuring a beautifully smooth and durable finish
- Wood parts receive conversion varnish finish

**FIRE RETARDANCY INFORMATION**

All Shelby Williams seating products are standard with foam meeting California Technical Bulletin #117. It is the customer's responsibility to specify fire retardant fabric to meet any fire codes. Shelby Williams has the capability to meet California Technical Bulletin #133 when required, order must specify clearly. Call for quotation.

**Note:** Customer's own material (C.O.M.) must be pre-approved by factory before order can be processed when TB-133 is required. Consult sales representative or contact Customer Service for approval arrangements. Customer is responsible for all costs incurred for fabric treatments. Full scale testing, when required, will be charged to customer.

**Foam**

Shelby Williams can furnish flame retardant foam to meet the following specifications:

- Boston Port Authority and City Code
- Port Authority of New York and New Jersey Revision 481
- FAA 25.853 (AF)
- FAR 25.853-25 (BF)
- Motor Vehicle Spec. MVSS302
- UFAC current standards as of 9/81

If specific certification is required, customer will be charged the cost of sampling, testing and freight. Items to be manufactured in compliance with one or more of the above codes must be so stated on customer's purchase order at the time the order is placed. Contact Sales Representative or Customer Service for quote.

**Note:** Shelby Williams has the ability to meet any national fire code requirements. Contact customer service for more information.

**C.O.M. INFORMATION**

- **Yardage requirements are based on a minimum quantity of 12. For smaller or large orders, contact Customer Service for exact yardage requirements.**
- Some C.O.M. fabrics may require other methods of cutting, which in turn, requires more yardage than shown in the price list.
- Submit cuttings of C.O.M. fabrics with order to determine actual yardage requirement.
- The company reserves the right to refuse C.O.M. orders (or process without responsibility) where fabric is not suitable because of pattern, weight, width, stretch, etc. Thin fabrics are unsuitable unless laminated or backed. See table below for pricing.
- We assume no responsibility for wearability of C.O.M. fabrics. They are applied totally at customer's own risk.

**Ship all C.O.M. prepaid to:**

Shelby Williams  
810 West Hwy 25/70  
Newport, TN 37821  
Attn: COM Receiving

*Shipments to other locations will cause delays in production and additional freight charges.*

**Tag**

Supplier must include a tag listing:

- Customer Name
- Total Yardage Shipped
- Pattern Identification
- Shelby Williams Acknowledgement Number or Customer P.O. Number
- Reference each piece of COM the model number and quantity of chairs on which it is to be applied.

**Mark**

- Reversible Fabric - mark face side
- Striped Fabric - specify direction of stripe (vertical or horizontal)
