

Test Certificate

This certifies that, as a result of a series of tests carried out on the 40/4 Stacking Side Chair, manufactured by Howe Europe A/S, supplied by Sisa International Limited and tested at the Furniture Research Association (report reference: 077s/95/GCJ/JES), which successfully satisfied the applicable strength test requirements from ISO 7173: (1989) to test level 5, and taking into consideration report reference: P915s/93/LH in which the Original 40/4 Stacking Side Chair satisfied the applicable stability test requirements of BS 4875: (1985): Part 2, the 40/4 Stacking Side Chair is considered capable of meeting the full stability test requirements of ISO 7174-1 and to be structurally suitable and sufficiently stable for severe contract use.

SIGNATURE  Daniel Hunter

POSITION Structural Technologist

CERTIFICATE DATE 12 May 1995

For and on behalf of FIRA INTERNATIONAL LIMITED

TERMS AND CONDITIONS OVERLEAF

This certificate only relates to the sample(s) supplied and tested at the time. Re-testing at intervals is recommended and should be subject to agreement between the supplier and the purchaser.

TERMS AND CONDITIONS FOR TEST CERTIFICATES

1. This certificate relates to test reports and evaluations of samples of the product(s) defined overleaf and no others. Samples were provided by others unless otherwise indicated in the report.
2. This certificate and the associated test report, are only valid in their original forms and only when issued by FIRA International Ltd.
3. This certificate and also those applying to associated test reports are subject to the Terms and Conditions for Testing and Consultancy Services of FIRA International Ltd.
4. Further information on the product test methods, specifications used, test results and evaluation are given in the test reports which are an integral part of the certificate.
5. Any change in materials, processes or design, will invalidate this certificate and will require samples to be resubmitted for test.
6. Any wording used to promote products as a result of this certificate must be submitted to FIRA International Ltd for approval, giving sufficient time to allow for clearance in writing.
7. It should be understood that tests intended to demonstrate the ability of the item to perform satisfactorily in its intended environment do not ensure that failure will not eventually occur as a result of habitual misuse or after a long period of service.
8. This certificate does not represent a guarantee of compliance with the General Product Safety Regulations or other legislative requirements.
