TERMS AND CONDITIONS FOR TEST CERTIFICATES

- 1. This certificate relates to test reports and evaluations of samples of the product(s) defined overleaf and no others. Samples were provided by others unless otherwise indicated in the report.
- 2. This certificate and the associated test report, are only valid in their original forms and only when issued by FIRA International Ltd.
- 3. This certificate and also those applying to associated test reports are subject to the Terms and Conditions for Testing and Consultancy Services of FIRA International Ltd.
- 4. Further information on the product test methods, specifications used, test results and evaluation are given in the test reports which are an integral part of the certificate.
- 5. Any change in materials, processes or design, will invalidate this certificate and will require samples to be resubmitted for test.
- 6. Any wording used to promote products as a result of this certificate must be submitted to FIRA International Ltd for approval, giving sufficient time to allow for clearance in writing.
- 7. It should be understood that tests intended to demonstrate the ability of the item to perform satisfactorily in its intended environment do not ensure that failure will not eventually occur as a result of habitual misuse or after a long period of service.
- 8. This certificate does not represent a guarantee of compliance with the General Product Safety Regulations or other legislative requirements.
