HUGO

> Point synchronized technology using Synchron multi locking mechanism makes it possible to achieve perfect balance in every seated position. The synchronized adjustment of the backrest and seat in the ratio of 2:1 ensures complete comfort.

∨ Contoured backrest with side mounted tilt mechanism provides superior comfort, easy recline and good back support in different recline positions. Tilt resistance enables user to recline without leaving their vision or reach zone.

HUGO

∧ Adjustable armrests in 7 lockable positions are ideal for working with computers and reduce muscle fatigue during long working hours.

< Sleek 5-pedestal chair base with 60mm castors in aluminium die-cast enable user to glide and swivel in any direction.

benithem®

A modern adaptation of a traditional concept chair, HUGO impresses with its unique sleek looks combined with enhanced ergonomics.
