

ADI

zest

Thanks to its convenient flip-up seat, the Zest chair can be nested, thus saving floor space without the hazards of stacking on a dolly.

The **Zest nesting chair** is a multi-purpose chair that can be used in meetings, training, conferences or for visitors. It features a knit mesh back that self-adjusts to the shape of the users back. The seat is equipped with the ADI Suspension System, ensuring longer sitting periods with little fatigue.
