

BRETFORD BASICS™

AUDIO VISUAL CART

26 SERIES

Bretford's open shelf mobile equipment table is strong and stable enough to hold heavy AV equipment.

Now available with a new and improved 6-outlet power strip!

FEATURES

- Overall 26" height is ideal for use next to a desk or table with a projector, printer, scanner or other equipment.
- Accommodates flat panel monitors up to 24" diagonal or CRT monitors up to 20" diagonal.
- Sturdy all-steel construction is fully welded for maximum strength and durability, all you do is install the casters.
- Die pressed shelves have a 1/4" lip to keep materials from sliding off and rounded edges.
- Includes heavy duty 4" stem casters, 2 locking. Also available with 5" casters.
- Finished in an environmentally friendly Black powder paint that eliminates VOCs.
- 26 series carts feature a steel content with 25% to 35% post-consumer recycled steel and are recyclable at the end of the product life cycle. 26 series carts also comply with the GREENGUARD Environmental Institute's GREENGUARD Children & Schools Indoor Air Quality standards contributing to points toward Leadership in Energy and Environmental Design (LEED) Certification.
- New and improved 6-outlet electrical unit available with built-in cord winder and 20' extension cord. Lets you set up anywhere in the room and still reach an electrical outlet. Electrical units are standard on "E" and "M" models.
- Made in the USA.

ENVIRONMENTAL SPECIFICATIONS

The 26 series carts are constructed using "prime" steel which has a 25% to 35% post-consumer recycled content and is recyclable at the end of the product life cycle. 26 series carts are certified to GREEN-GUARD Children & Schools Indoor Air Quality standards.

SUGGESTED SPECIFICATIONS

26 Series Traditional Mobile Equipment Carts have two (2) 20 gauge steel 24"W x 18"D shelves. Each shelf is press formed so that a 1/4" lip borders the top surface on all four sides. The top shelf has a 20-gauge steel stiffener electrically welded underneath the surface front to back. An 18" x 24" Black rubber mat is placed on the top shelf. The shelf has two 3/16" diameter holes centered on both the right side and the left side to accept an optional 6-outlet electrical assembly with surge suppression and 20 ft, grounded cord. Electrical assembly is included on "E" and "M" models. There are four (4) 14-gauge steel legs (21-1/4") welded to the shelves, one at each corner. The cart stands 26" h from the floor (including the 4" casters). Carts with 5" casters stand 27" h from the floor. Models have a textured Black powder paint finish. A hard plastic caster insert is mounted to each leg. Casters are mar-resistant Black hard rubber and 4" or 5" in diameter. The 26 Series Traditional Mobile Equipment Carts ships assembled in one (1) carton and ships via UPS.

MADE IN THE USA

The 26 Series cart is made in Bretford's Chicago area manufacturing facility using union labor.
