Lap seat belts

Adjustable bolt-on footrest

Symmetrical aisle stamping

Top mounted grab handle

Side mounted grab handle

Mobility aid access with the flip of a lever.

The **Horizon** Flip-Up seat serves as a functional passenger seat that easily folds away to safely accommodate a mobility aid. It is available in three back heights and a wide range of vinyl and fabric options that remove easily for cleaning and replacement. All models feature fixed contoured backs, durable steel construction and highly resilient seat and back foam.

Standard features

Options

- Top or side mount grab handle
- 17 1/2" single seat
- 52 1/2" triple seat
- Transverse or longitudinal design
- Upholstered armrest
- The **Horizon** Flip-Up Seat integrates with **A.R.M.**™ securement System for A.D.A. compliance

To convert the **Horizon** Flip-Up to an open space for a wheelchair, simply push down on the cushion lock lever and fold the seat *up* snugly against the back to the stowed position.

To convert the **Horizon** Flip-Up to a functional passenger seat, simply push down on the cushion lock lever and fold the seat *down* to the operating position.

High-performance...Ultra-comfort!

Make the most of valuable space with the **Horizon** Cantilevered Folding Seat from American Seating. In just moments, it folds from a functional passenger seat to provide an open environment for safe mobility aid securement.

Standard features

The **Horizon** Cantilevered Folding Seat back folds forward, then upward, to accommodate a mobility aid. Thin profile increases available space when in upright position, making accessibility easy.

Options

- Top or side mount grab handle
- Upholstered and molded aisle seat armrest
- FMVSS 207/210 Certified
- Integrates with **A.R.M.**™ Securement System for A.D.A. compliance
