

How we LEED

MR 2 Construction Waste Management

Recycle and/or salvage non-hazardous construction and demolition debris.

All American Seating packing material is 100% recyclable.

MR 3 Materials Reuse (NC and Schools) 1-2 points

Use salvaged, refurbished or reused materials which constitute 5-10% of project cost.

Furniture can be relocated from one building to another for continued use of products.

MR 3.1 Material Reuse – Furniture and Furnishings (CI) 1 Point

Use salvaged, used or refurbished furniture in your new space.

American Seating products can be reused in a future space and be applied to this credit.

MR 4 Recycled Content (NC, Schools, CI) 1-2 points

Use products with a recycled content of 10% or 20% based on weight.

American Seating standard product shown exceeds 10% recycled content by weight. See reverse.

MR 7 Certified Wood (NC, Schools, CI) 1 point

Use products with a recycled content of 10% or 20% based on weight.

American Seating can provide FSC Certified wood for the optional tablet arm with a complete chain of custody certificate tracing the wood back to the forest from which it was harvested.

IEQ 4.4 Low Emitting Materials – Composite Woods and Agrifiber Products (NC, Schools, CI) 1 point

Optional tablet arms can be provided with no added urea formaldehyde resins in the plywood construction.

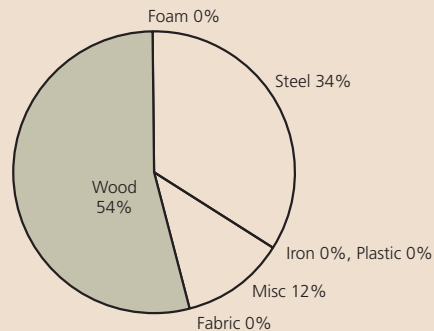

IEQ4.5 Low Emitting Materials – Furniture and Furnishings (Schools, CI) 1 point

Parley tables meet the BIFMA X7.1-2007 emission testing requirements.

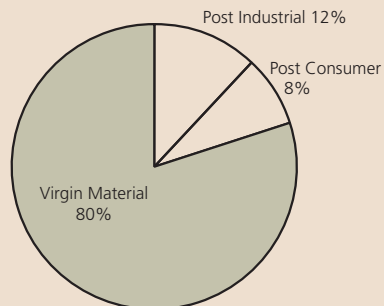

RECYCLE INFORMATION

	Weight (lbs)	Composition by weight (%)
Product Total	86.00	—
