Extraordinary Seating Solutions  
For Any Event

## platform seating applications

Nose Mount

### Adaptable Arena Seating – From One Event to the Next.

Designed to be installed, used and stored on retractable platforms, **Rally** makes space reconfiguration a snap for venues where events dictate unique seating requirements. All components are constructed for durable performance and long life. Patrons and fans will appreciate the ergonomic considerations that are incorporated into each model. **Rally** platform and fixed applications pair well with **Spirit®** or **408** stadium seating to visually and functionally complete any arena.

Rear Mount

### Flexibility

- Available in three modules, providing widths from 19" to 24"
- Arm or armless models
- Cupholders available on models with arms
- Single or dual deck retractable platform compatibility
- Rear or nose mounting options
- Nose mount back folds to the rear and stores within a 4 1/2" envelope for low-rise retractable platforms
- Rear mount seat and back folds forward and stores within a tight 6" envelope for retractable platform use
- Both versions can be stored and deployed up to 5 chairs at a time
- Available in both fixed and sport seating color offerings
- Available in standard American Seating fabrics or COM materials
- Seat number plates optional

### Comfort

- 32" standard back height
- Nose mount seat offers a 3 1/2" foam cushion as well as an optional seat suspension system for superior comfort
- Rear mount seat offers a 3" foam cushion with contoured seat edge for extended comfort

### Durability

- Nose mount double-wall plastic seat and back protects against wear
- Rear mount double-wall plastic seat and back to ensure added longevity
- All chair supports are a durable steel construction

## fixed seating applications

### Sensible Seating Sure to Please Any Crowd.

This newest player in the arena seating market offers solid performance for education, sports and entertainment venues. The rounded back provides comfort with a contemporary aesthetic. A full range of options are available, allowing **Rally** to be uniquely tailored to your facility. Both fixed and platform versions can be combined with **Spirit®** or **408** to visually and functionally complete any arena seating need.

**Rally** makes an ideal space-saving solution for lecture halls, courtrooms or other environments that need folding tablet arm capability.

### Flexibility

- Available in three modules, providing widths from 19" to 24"
- Arm or armless models
- Cupholders available on models with arms
- Seat modules mount directly to horizontal support beam
- Beam provides floor or riser mounting options
- When not in use, seat provides a three-quarter fold, and articulating back returns to an upright position, creating a slim envelope
- Available in both fixed and sports seating color offerings
- Available in standard American Seating fabrics or COM materials
- Seat number plates optional
- Rearward pivoting arm option for A.D.A. compliance
- Power and data raceway option mounts to floor mount support

### Comfort

- 32" standard back height
- Contoured seat edge provides ergonomic leg support
- 3" foam seat cushion for extended comfort
- 2" back cushion for enhanced back support

### Durability

- Double-wall plastic seat and back ensure added longevity
- Cast iron seat supports provide durability

#### A.D.A. Compliance

**Rally** meets all of the accessibility compliance standards of the Americans With Disabilities Act (A.D.A.).

#### Armrests

Fixed armrests are available in plastic or wood.

Platform armrests (shown) pivot up to store on retractables.

#### Seat/Row Identification

Seat and row identification, and donor plates are available.

#### Folding Tablet Arms

Standard (12  $\frac{3}{16}$ " x 13  $\frac{1}{8}$ ") and oversized (15  $\frac{3}{8}$ " x 13  $\frac{3}{16}$ ") tablet arms available (standard shown). Tablet arms meet Life Safety Code (NFPA 101) and International Building Code.

#### Power and Data Raceways

U.L. listed raceway offers convenient access to power and data. The raceway includes one data port location and one simplex electrical outlet per chair providing power for up to twenty-six chairs per power feed.

#### Aisle Lights

Light on end of beam directs soft glow downward.

Since 1886, American Seating has set the standard for product design, durability and comfort. Today, we remain committed to exceeding the expectations of our customers. Our achievements serve as the platform for new and innovative products that continue to be the benchmark of our industry.
