

*Spirit's*® beauty is more than skin deep.

Sturdy, honeycombed seat and back panels offer superior strength while maximizing comfort. Cast iron standards ensure a solid foundation. This combination delivers a durable seat that is comfortable, cost-effective, and virtually maintenance free.

Three-dimensional, contoured inner back ensures comfort and ergonomic support

Wrap-around back cover protects upholstery

Contour-molded seat and back foam provide enhanced lumbar support and comfort

Engineered copolymer surfaces are easy to clean

Lower back flexes to absorb foot pressure and prevent damage

Cast iron standards dampen vibration

Engineered to accommodate curved rows down to a 10' radius

Back angle can be fixed at 13° to 21° low, 16° to 24° high, and synchronizes with seat, keeping the user in an optimum ergonomic position

Reinforced engineered copolymer seat and back inner structure adds strength and durability

Two back heights, 33½" and 35½", provide alternatives for general and luxury seating

Spherical bearings compensate for irregularities in floors and risers

Available for both floor and riser mount applications

Six chair widths from 19" to 24" offer application versatility

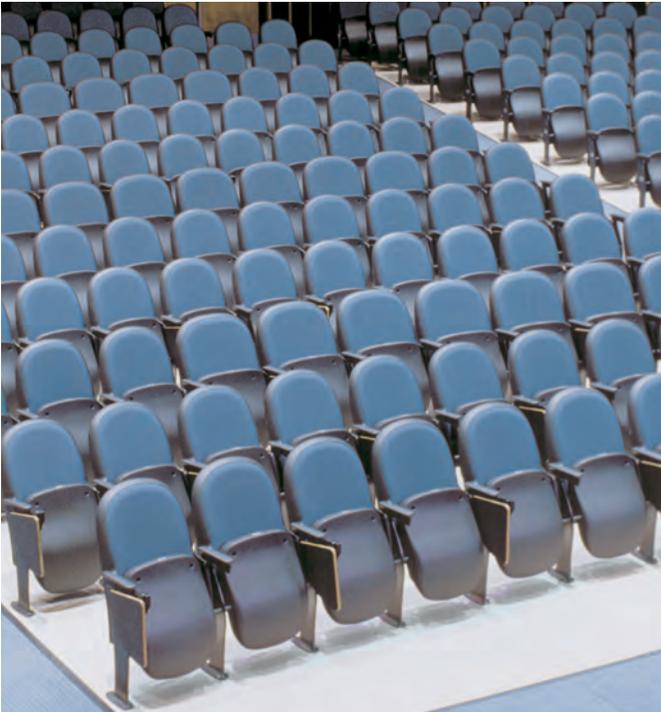

Outer seat and back panels are puncture and dent resistant.

Self-rising, gravity lift seat eliminates mechanical lifting devices.

Versatile Design

*Spirit*<sup>®</sup> is a leader in cost-effective fixed seating for auditoriums, performing arts centers, arenas, schools and sports venues.

Quicken Loans Stadium, Cleveland, OH ■ Tri-County Vocational Center, Southeastern, OH ■ Cornerstone University, Grand Rapids, MI

## Engineered for Flexibility

The graceful styling, sculpted cushions and durable construction deliver exceptional quality and performance. A variety of fabrics, wood finishes, end standards, and options are available to customize any environment.

**Spirit Plastic Back**  
An economical solution that emphasizes style and comfort.

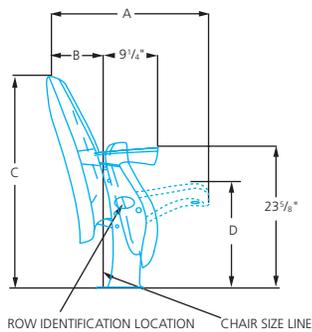

**Spirit Wood Back**  
Elegant styling with a selection of rich wood finishes.

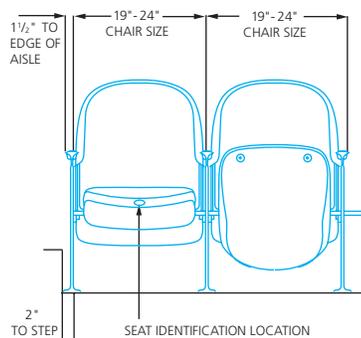

**Spirit SQ**  
Offering several solutions for indoor or outdoor needs. The *Spirit SQ* adds a different look with a square *Stellar®* back.

Outdoor applications are made of Marine grade vinyl and E-coating to withstand weather and maintain chair's appearance.

High Back With Level Standard

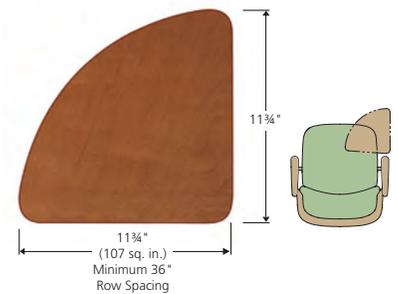

Back Pitch	A	B	C	D
16°	25"	7 <sup>3</sup> / <sub>4</sub> "	36"	17 <sup>3</sup> / <sub>8</sub> "
19°	26 <sup>1</sup> / <sub>4</sub> "	8 <sup>3</sup> / <sub>4</sub> "	35 <sup>1</sup> / <sub>2</sub> "	17 <sup>5</sup> / <sub>8</sub> "
21°	27 <sup>1</sup> / <sub>4</sub> "	10"	35"	17 <sup>7</sup> / <sub>8</sub> "
24°	28 <sup>1</sup> / <sub>4</sub> "	11"	34 <sup>1</sup> / <sub>4</sub> "	18 <sup>1</sup> / <sub>8</sub> "

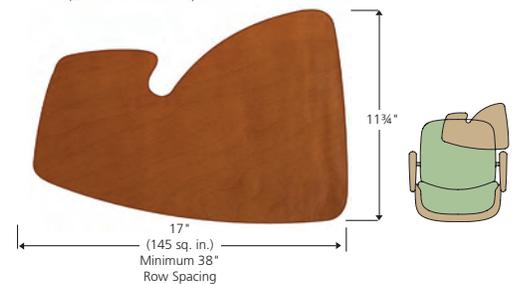

Low Back With Level Standard

Back Pitch	A	B	C	D
13°	23 <sup>5</sup> / <sub>8</sub> "	6 <sup>1</sup> / <sub>4</sub> "	34 <sup>1</sup> / <sub>2</sub> "	17"
16°	24 <sup>3</sup> / <sub>4</sub> "	7 <sup>1</sup> / <sub>4</sub> "	34 <sup>1</sup> / <sub>8</sub> "	17 <sup>3</sup> / <sub>8</sub> "
19°	25 <sup>7</sup> / <sub>8</sub> "	8 <sup>1</sup> / <sub>2</sub> "	33 <sup>5</sup> / <sub>8</sub> "	17 <sup>5</sup> / <sub>8</sub> "

## Options

### Armrests

Powder coated cast iron armrests are integrated into the standards for a cost-effective and durable solution.

Plastic armrests are offered in 8 standard finish colors.

Solid wood armrests offer an upscale appeal and are available in 7 finishes.

Front or rear-mounted cup holders offer deep beverage receptacles and are made of durable black copolymer plastic.

Communion cup holder mounts to the back of the middle standard. Holds 2 communion cups, pencils and envelopes.

### Aisle End Treatments

Powder coated cast iron is an economical alternative with a simple, clean appearance.

Laminate panels are a cost-effective way to coordinate with existing architectural elements as well as tablet arms.

Solid wood panels blend seamlessly with *Spirit*<sup>®</sup> wood arms and backs to create an elegant, upscale appearance. Available in 7 finishes.

*Bodiform*<sup>®</sup> is a popular classic, featuring distinctive lines that complement *Spirit*'s soft curves. This cast iron end standard can be custom painted to create a signature look.

### Folding Tablet Arms

Both tablet arm sizes meet Life Safety Code (NFPA 101) and International Building Code. Tablet arms fold smoothly out of the way when not in use.

### Removable Chairs

Allows flexibility to remove connected groupings of 2 or 3 chairs to quickly and easily change your environment.

### Aisle Lights

End standard aisle lights direct soft glow downward for aesthetics and safety.

### Row Identification

Row identification plates are either inset to end standard or applied to aisle end treatments.

### Seat Identification

Metal seat number or identification plate is recessed into center front seat panel.

### A.D.A. Compliant

*Spirit* is designed to meet the accessibility standard of the Americans with Disabilities Act (A.D.A.), with a hinged armrest option that provides ease of access and transfer.

### Full or 3/4 Seat Fold

*Spirit* seats align with the end standard when in the full-fold vertical position. As an alternate, seats can be ordered with a 3/4 fold option (3/4 fold shown: A.D.A. compliant image shows full fold).

## Our Mission

Since 1886, American Seating has set the standard for product design, durability and comfort. Today, we remain committed to exceeding the expectations of our customers. Our achievements serve as the platform for new and innovative products that continue to be the benchmark of our industry.
