

Optima is a selection of keyboard trays, mechanisms, and CPU holders; designed to integrate aesthetically and functionally into any furniture system or application.

• OP10 Specifications

| | |
|--------------|--------------------|
| Tilt | -15° |
| Height "A" | Level With Surface |
| Height "B" | -5.75" |
| Swivel | 360° |
| Track Length | 17" |
| Travel | 12" |
| Finish | Black Powder Coat |

• Benefits & Features

Benefits

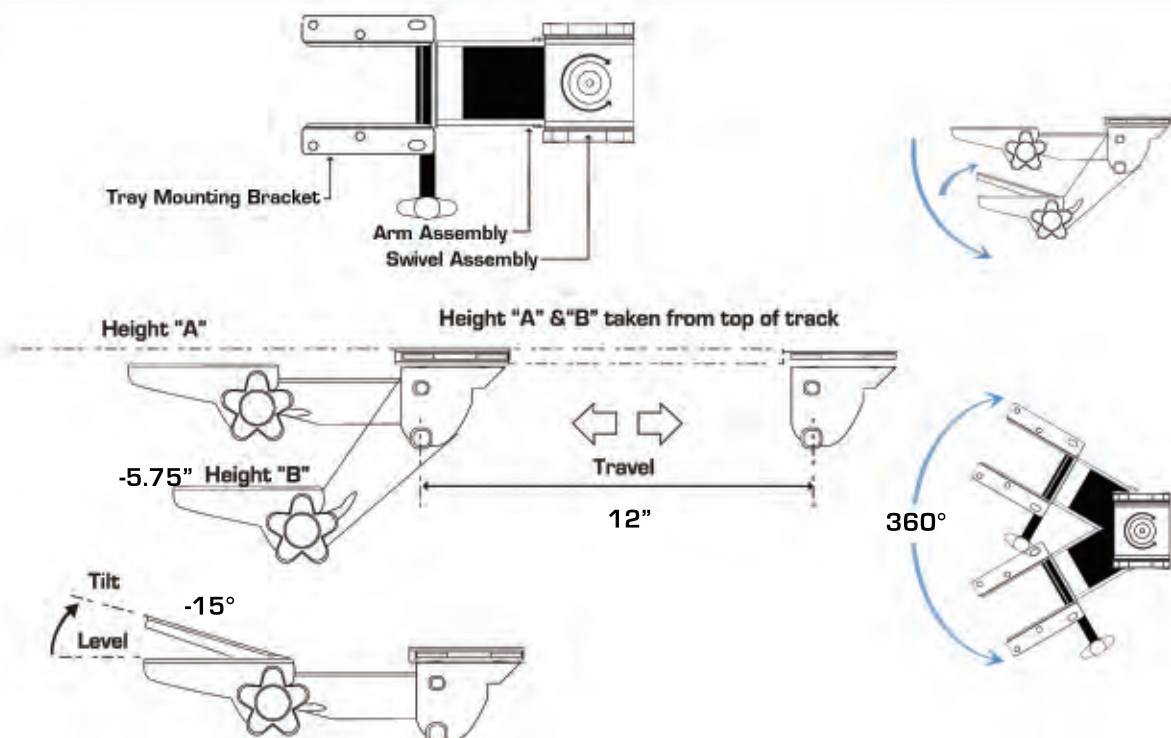

- Allows users to easily adjust the height of their keyboard for maximum comfort, productivity and greater ADA compliance
- Lighter weight; added stability design allows superior ergonomic form providing maximum comfort
- Adjustments are quick and easy
- Fully retractable when not in use
- Promotes healthier tilt of keyboard; reduces risk of repetitive stress injury.

Features

- Ergonomic styling, low profile design
- 360° swivel

Adapter Plate included

Optima 1000 Keyboard Mechanism (OP10)

• OP30 Specifications

| | |
|--------------|-------------------|
| Tilt | -15° |
| Height "A" | 2.25" |
| Height "B" | -6.13" |
| Swivel | 360° |
| Track Length | 21" |
| Travel | 12" |
| Finish | Black Powder Coat |

• Benefits & Features

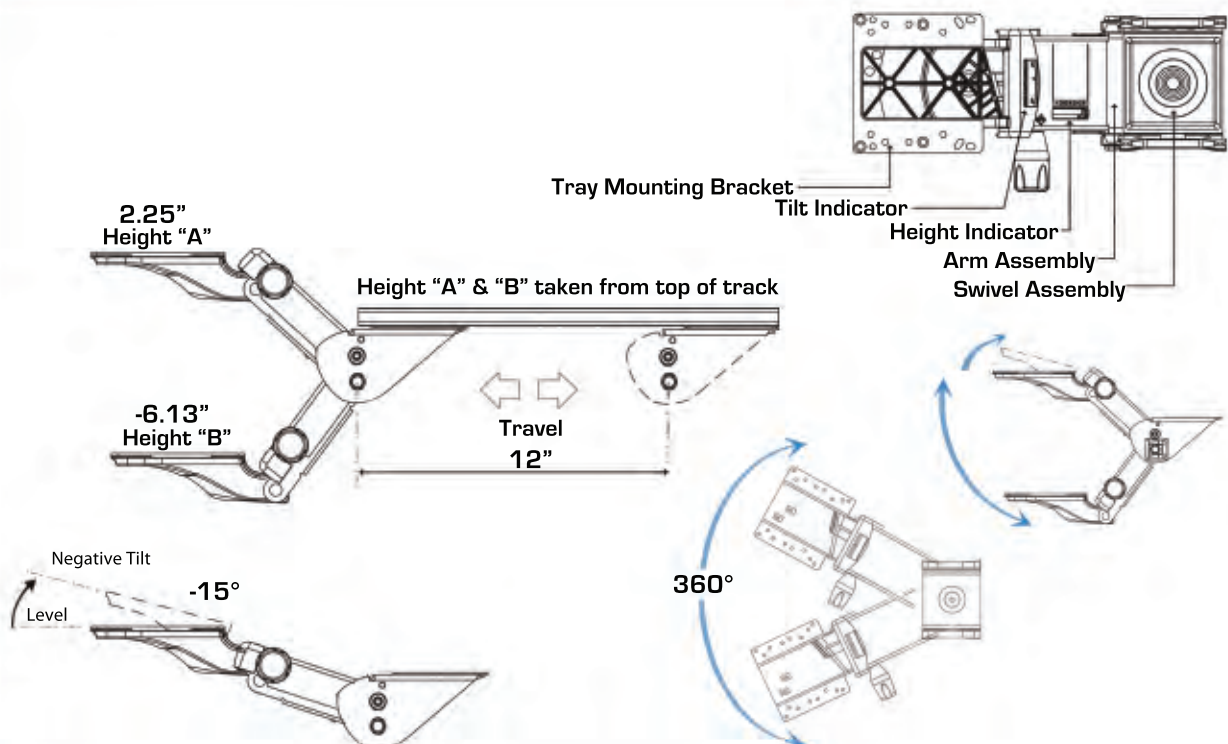

Benefits

- Allows users to easily adjust the height of their keyboard for maximum comfort, productivity and greater ADA compliance
- Tilt indicator shows the angle of the tray as you turn the knob
- Precise adjustments are quick and easy
- Allows keyboard tray to be parallel to the desk even when corner-mounted
- Fully retractable when not in use
- Promotes healthier negative (up to -15°) tilt of keyboard; reduces risk of repetitive stress injury.

Features

- Height indicator gauge; patent pending
- Patented dial tilt adjustment
- Ergonomic styling, low profile design
- Patented spring-assisted Lift-n-Lock™ counter balancing system (no knobs or levers)
- 360° swivel
- Positive tilt lockout
- Dual swivel option

Optima 3000 Keyboard Mechanism (OP30)

• OP35 Specifications

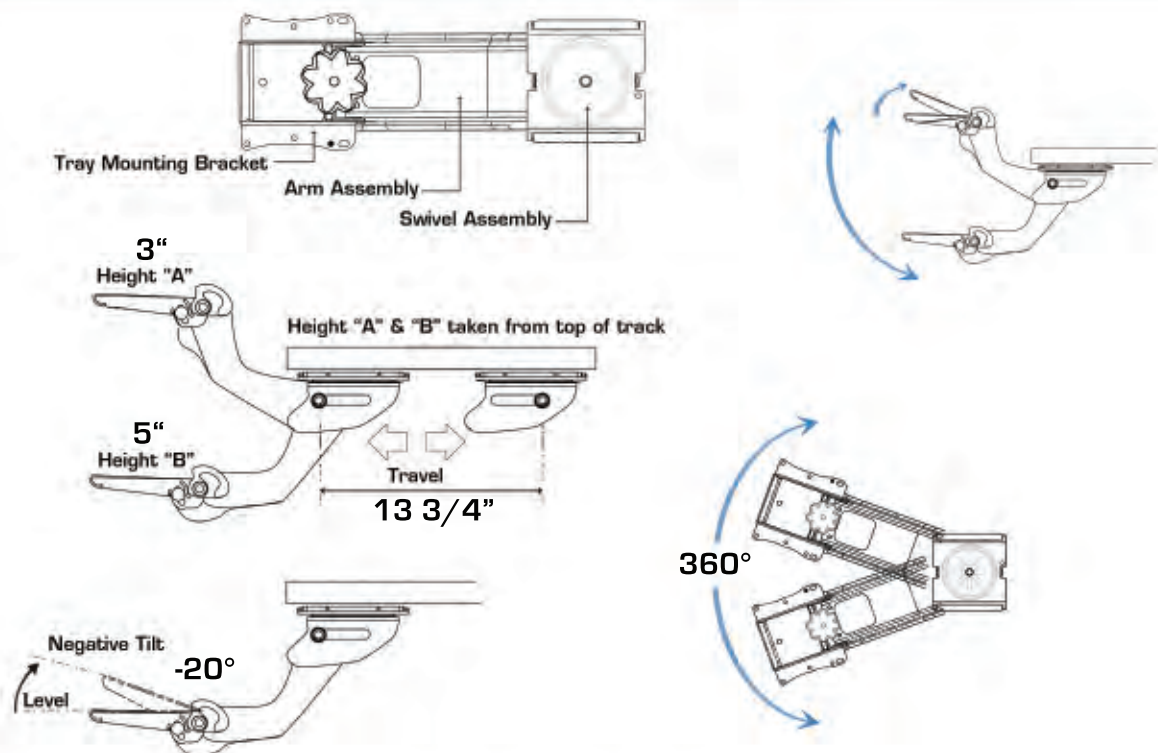

| | |
|--------------|-------------------|
| Tilt | -20° |
| Height "A" | 3" |
| Height "B" | 5" |
| Swivel | 360° |
| Track Length | 17 3/4" |
| Travel | 13 3/4" |
| Finish | Black Powder Coat |

• Benefits & Features

Benefits:

- Patented design works in corners and on short returns (works like an extended mechanism but stows like a short arm)
- Position indicators for both height and tilt
- Soft-touch wheel allows convenient, stable, one-hand tilt adjustment with a full 20° negative tilt
- Provides a total travel range of 8" (5" below work surface; 3" above)
- "Lift and release" height adjustment is effortless and secure
- 360° rear swivel provides additional keyboard tray positioning
- Slim profile maximizes knee clearance when in use or retracted
- Exceeds the ANSI/BIFMA X5.5-1998 industry performance standard
- Lifetime warranty

Optima 3500 Keyboard Mechanism (OP35)

• OP50 Specifications

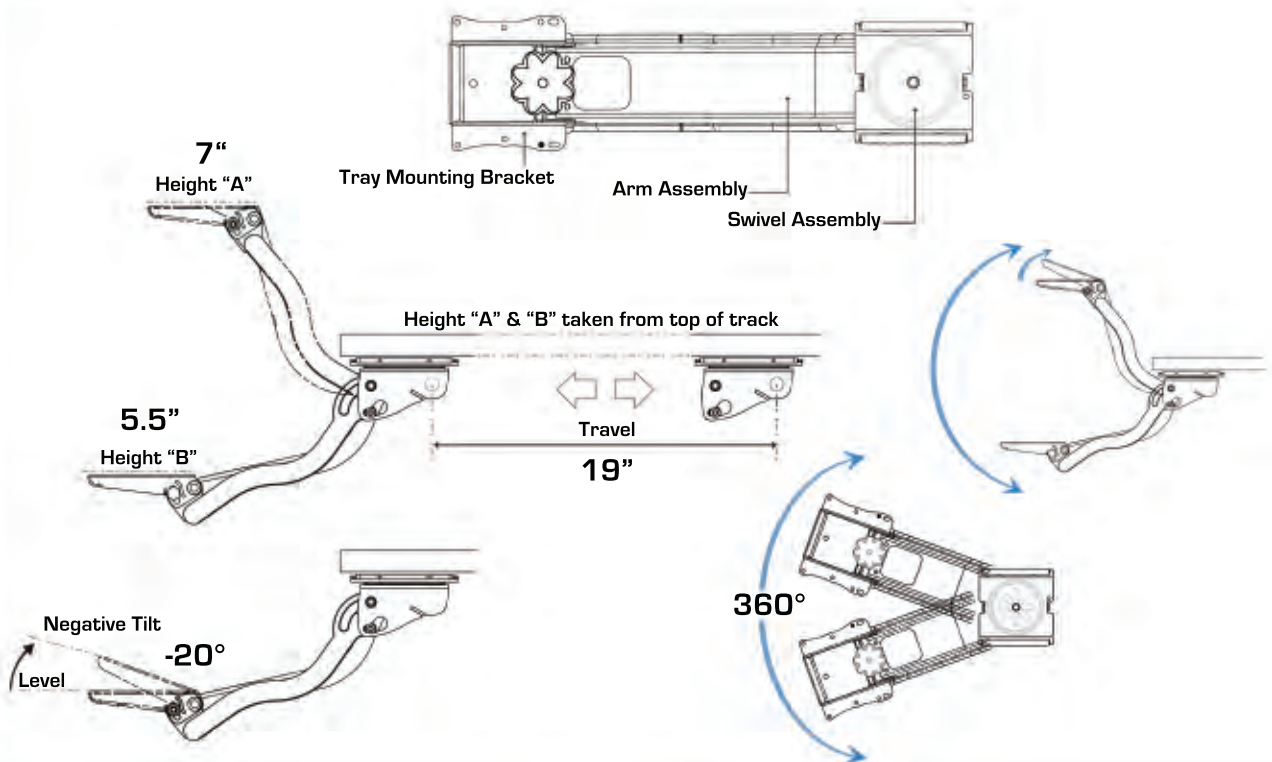

| | |
|--------------|-------------------|
| Tilt | -20° |
| Height "A" | 7" |
| Height "B" | 5.5" |
| Swivel | 360° |
| Track Length | 23" |
| Travel | 19" |
| Finish | Black Powder Coat |

• Benefits & Features

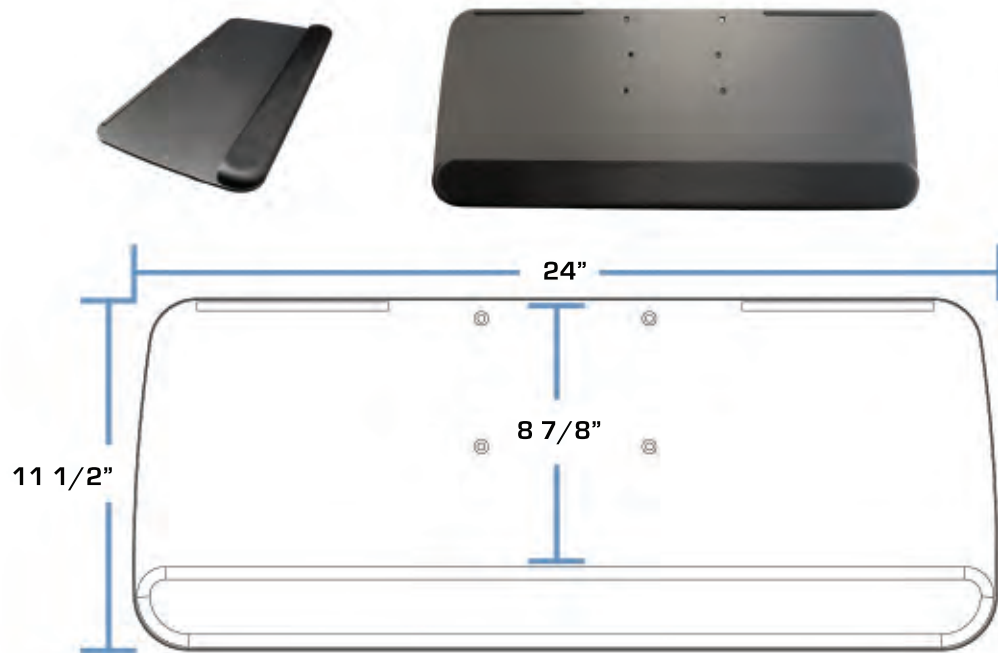

Benefits:

- Soft-touch wheel adjusts tilt with each turn (-20°).
- Counterbalance spring helps offset keyboard weight during height adjustments.
- 12.5" total height adjustment range (7" up; 5.5" down).
- No knob, lever, or ratchet handle required to set height; simply lift to desired position and release.
- 23" track included.
- Rugged steel construction finished in a durable black textured powder coat.
- Exceeds ANSI / BIFMA X5.5 1998 Industry Standard.
