Assembly Instructions

HEAVEN and EARTH I & II

Item 74-T & 75-T

Designed by Elizabeth Meredith

Parts Included: (pictures not to scale)

(1) Base

(1) Shade

(1) Frame

(2) Pheno Rings

(1) River Stones

Assembly:

1. UNPLUG LAMP
2. **(figure 1)** Lower shade over the base of lamp so that the socket comes through the center of the shade. Let the shade rest on the base.
3. **(figure 1)** Take the top plastic ring off the socket. Place the frame on top of the ring remaining on the socket. Replace the top ring and "sandwich" the frame between the two rings. Tighten the rings to secure frame to the socket.
4. **(figure 2-3)** Lift the loose flaps of shade up through frame and over each of the top bars. When all four flaps are over all of the top bars of the frame, straighten the shade so the flaps hang evenly.
5. Fill the base pan with river stones.
6. Install a bulb, turn on, and enjoy!

Figure 3

Consider the Possibilities!

Try filling your lamp with objects you love; perhaps colored glass, beads, sand, seashells, or any other dry objects.

You may use a maximum 100-watt type-A bulb.

SAFETY INFORMATION

SAFETY

We have designed your lamp to meet the highest **UL** and **CUL** safety standards.

This portable lamp has a polarized plug (one blade is wider than the other) as a feature to reduce electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted. Do not alter the plug.

CARE

Fabric shade . . .

Your shade is made of crepe silk. To remove dust from fabric shades, remove the shade and shake the dust out of it. All shades may be dry cleaned or carefully hand-washed with a mild soap in Cold water and allowed to air dry. (Do Not use detergent, bleach or hot water and DO NOT wring out your shade or put it in a dryer.) Shades should be ironed on the lowest setting possible with a steam iron or using a dry Iron and a press-cloth.
