2. (figure 1) Install bulb.
3. Attach the paper shade using the bulb clip inside the shade. If ordered, slide the metal cover shade down snugly over the parchment shade.
4. Turn on, and enjoy!

You may use a maximum 60-watt bulb for the 35 - Tori.
You may use a maximum 40-watt bulb for the 37- Lena.

SAFETY INFORMATION

SAFETY

We have designed your lamp to meet the highest UL and CUL safety standards.

This portable lamp has a polarized plug (one blade is wider than the other) as a feature to reduce electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted. Do not alter the plug.

CARE

Metal shade . . .

You may remove dust with a feather duster as needed.
