LARGE STAR PENDANT

Item 25-P

Assembly:

WARNING: RISK OF FIRE AND ELECTRIC SHOCK. THIS PRODUCT IS TO BE INSTALLED BY A QUALIFIED ELECTRICIAN ONLY.

1. Install the pendant base. Please see separately enclosed pendant kit for installation instructions.
2. The Star Pendant comes pre assembled. Gently remove entire assembly from the box.
3. **(figure 1)** Wash hands before handling mesh. Try to touch the mesh as little as possible. Line up the corners with the wire cage on the socket.
4. Install a bulb, turn on, and enjoy! We recommend a clear incandescent or a halogen spot bulb.

CARE

Mesh shade . . .

Metal mesh will naturally change over time developing a richer, deeper color. The acids and oils from your hands quicken this process. For this reason, it is important to clean your hands with soap and water, drying thoroughly, before handling your shade. Rubbing alcohol (70% isopropyl) applied with a soft nylon brush may help for spot cleaning. Wipe and dry with a clean cloth, or spots may appear from the mesh being damp. (Do not use household copper or brass cleaners, as they will permanently stain the shade.)
