

Assembly Instructions

WAVE

Table 9L-T
Floor 9L-F

Parts Included:

- 1 – Base with stem assembly
- 1 – Porcelain shade assembly
- 1 – 20 watt Halogen bulb
- 1 – AC Transformer, 120V 60 Hz to 12V 20 watt

Assembly:

1. **(figure 1) Touching the bulb with bare fingers may cause premature failure of the bulb.** Install halogen bulb per enclosed instructions. Handle bulb with a soft cloth. **Again, touching the bulb with bare fingers may cause premature failure of the bulb.**
2. **(figure 2)** Slip shade over bulb and screw it onto threaded end of the stem. Tighten slightly so the shade is secure.
3. **(figure 3)** Plug the lamp cord into the transformer and plug the transformer into a standard 120v 60 Hz outlet.
