

KALLISTA®

THE BARBARA BARRY COLLECTION

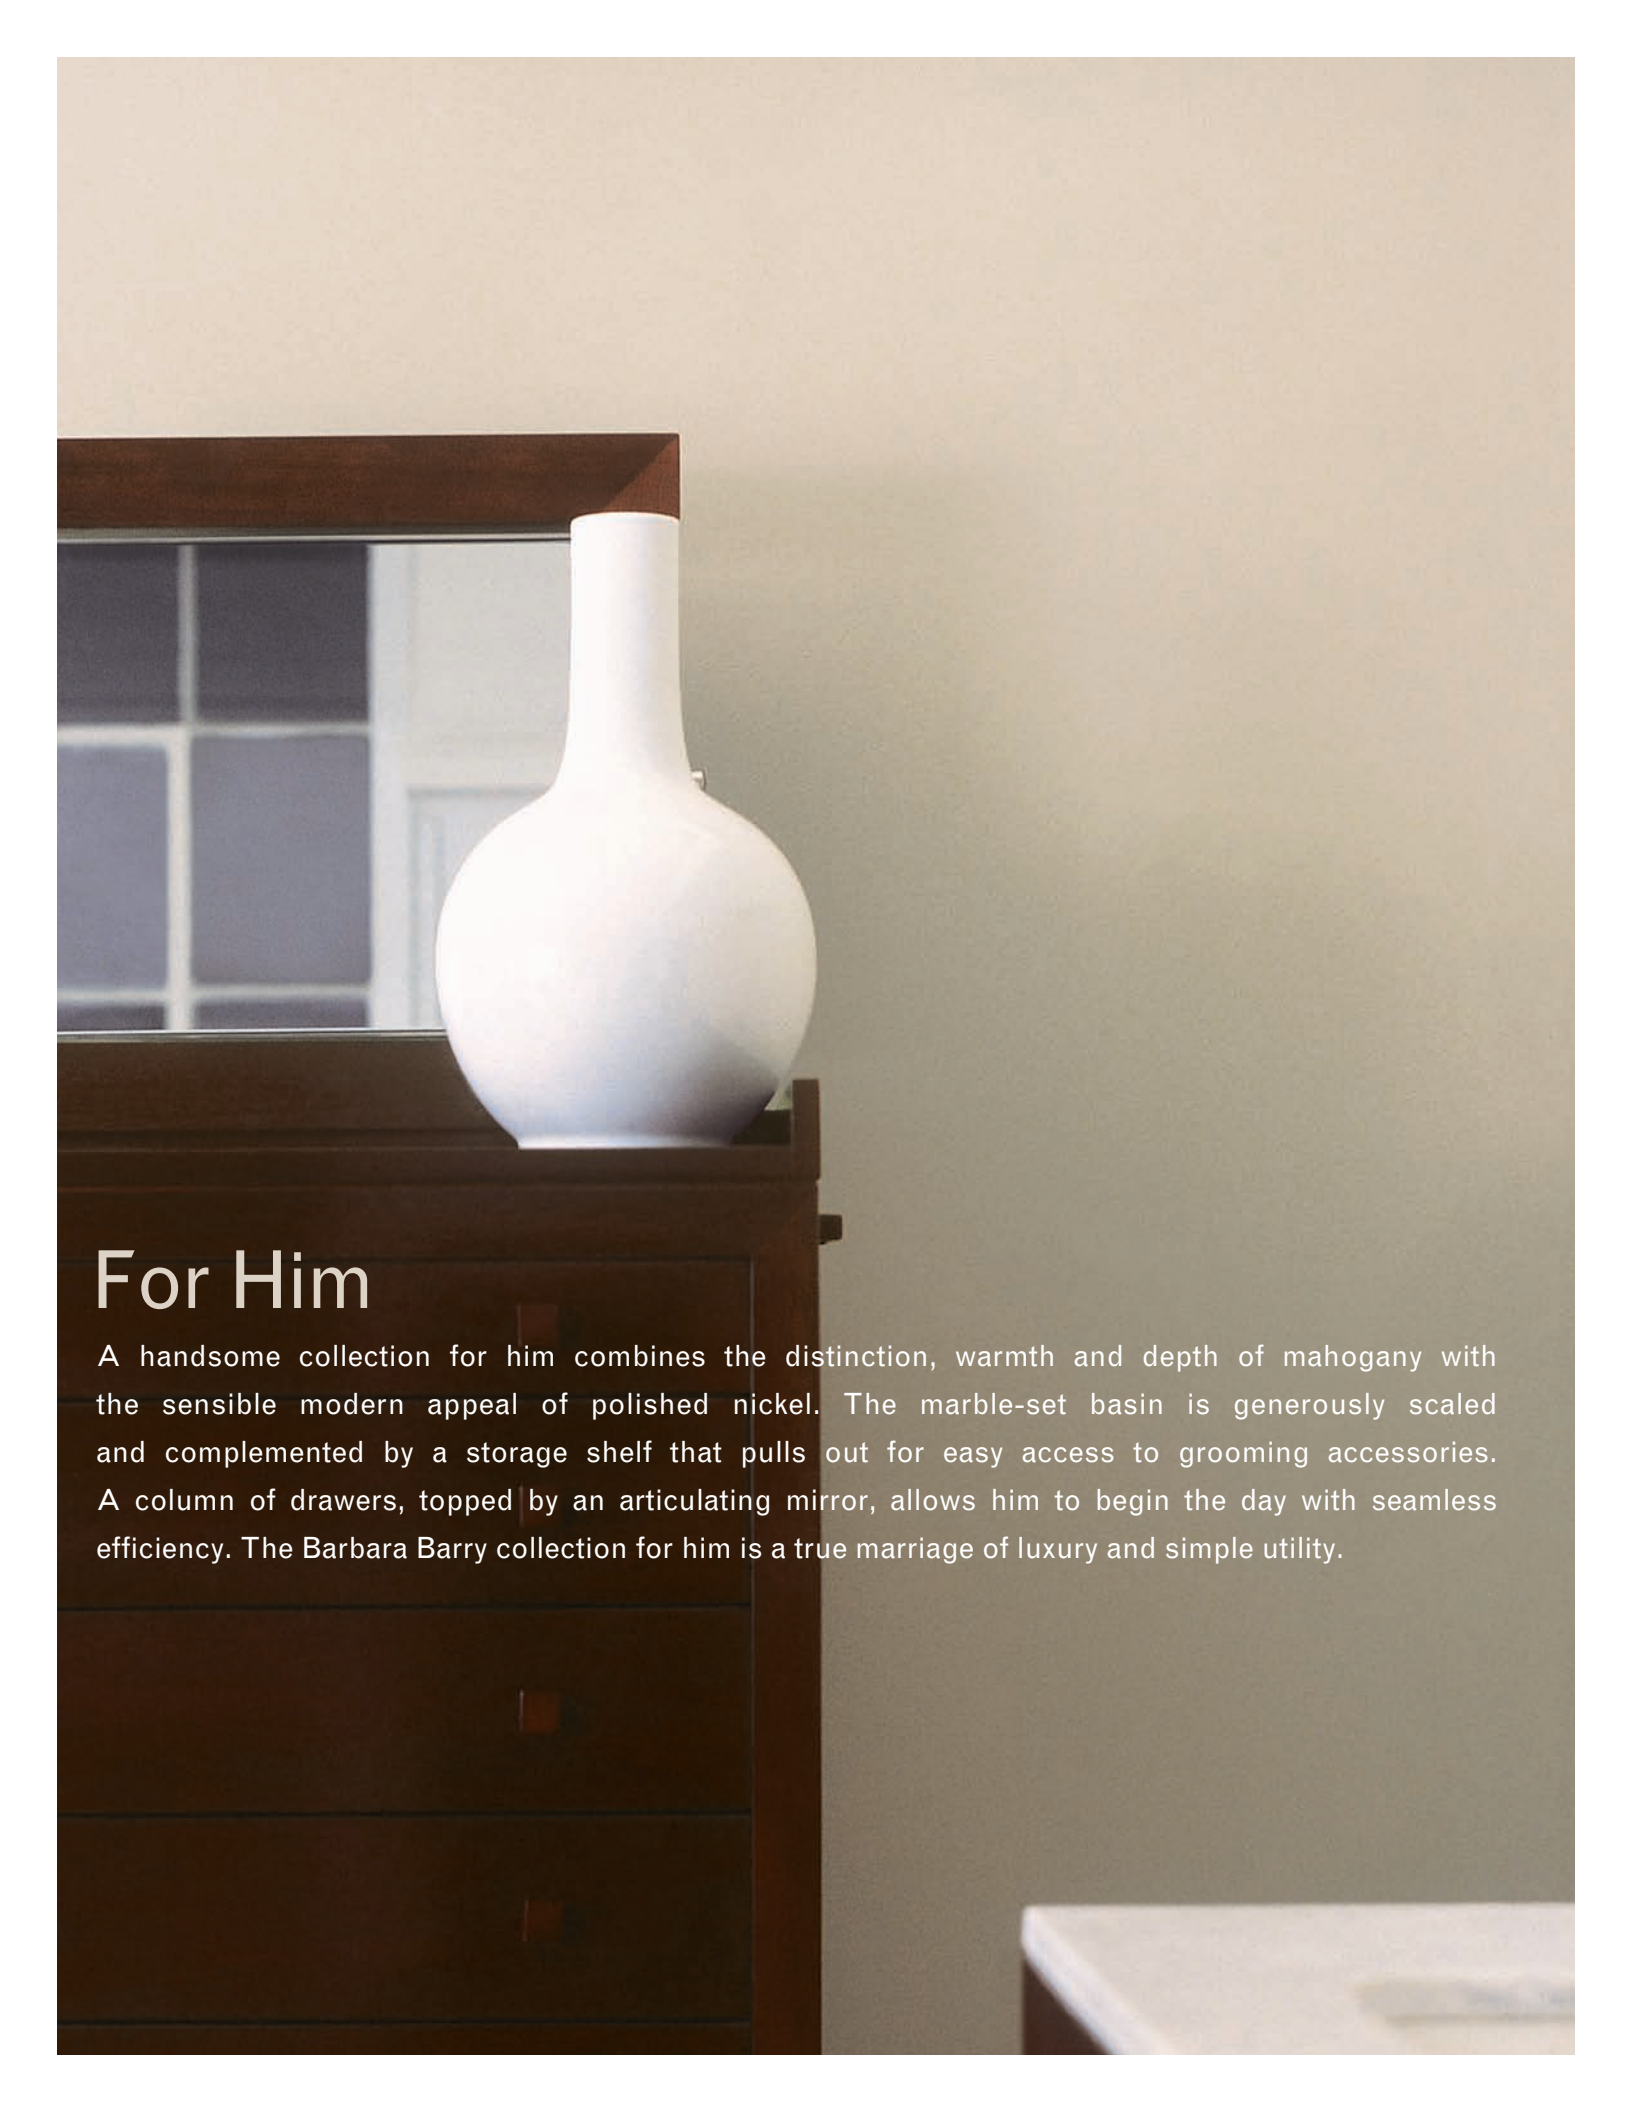

Kallista presents a new setting for the intimate rituals of the bath and the dressing room. Designed by Barbara Barry.

Balance

Balanced, beautiful and impeccably crafted, the architecturally inspired fixtures set a tone of harmony and infuse the modern bath with a feeling of timeless elegance.

A photograph of a dark wood vanity with a mirror. A white ceramic vase is placed on top of the vanity. The background is a plain, light-colored wall. The vanity has a column of drawers on the left side, topped by an articulating mirror. The vase is a simple, rounded shape with a long neck. The overall aesthetic is modern and sophisticated.

For Him

A handsome collection for him combines the distinction, warmth and depth of mahogany with the sensible modern appeal of polished nickel. The marble-set basin is generously scaled and complemented by a storage shelf that pulls out for easy access to grooming accessories. A column of drawers, topped by an articulating mirror, allows him to begin the day with seamless efficiency. The Barbara Barry collection for him is a true marriage of luxury and simple utility.

For the bath

Barbara Barry furnishings for the bath stress materials, craftsmanship and scale. The deep and capacious cast iron bathtub is set in an island of mahogany, topped with marble and filled from a hand-forged faucet. Complementary fixtures, fittings and accessories complete an elegantly furnished "room" for the rituals of bathing and grooming.

For Her

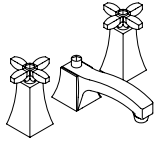

The collection for her revisits glamour and luxury, with a beautifully crafted dressing table finished with Baccarat crystal drawer pulls. The generous tabletop supports a beguiling oval mirror and features a petite porcelain basin with a vanity faucet. An elegant etagere offers ample storage. The Barbara Barry collection for her answers a woman's desire for genuine beauty in the things that surround her.
