PRODUCT INFORMATION

PC-Training System for computer-based study.

System consists of a triangular 60° wall-module and corresponding tables (2 versions). The wall-module serves as acoustical and visual isolation as well as to accept the computer hardware. For working at the PC, the table can be placed in the triangular wall-module or combined for group work. Placing the elements in rows allows undisturbed individual work but also eye contact to the supervisor.

Wall-module consists of a body with storage shelf (display unit and keyboard) each of veneered or melamine-resin coated LIGNOpal chipboard with glued-on (BU) beech or (KU) plastic edges. Body with perforated-metal element in the middle.

Accessories and options. Cable outlet, cable basket and CPU-holder on the inside of the body.

Table. See the product information on Cross.

Following materials and colours are available: Body: off-white and natural beech veneer. Table frame: arctic. Table top: off-white and natural beech veneer.

Further models illustrated on this page: PantoMove-2K.
