CircleTrak®

A Low Cost, High Quality Choice

- ➔ Unique design allows for a circular shape and the ability to form curves by hand
- ➔ Flat Strap maintains the curved shape until permanently installed
- ➔ No additional tools are required to curve CircleTrak®
- ➔ A level plane is maintained throughout the assembly
- ➔ Curvature can be quickly and easily reset after its initial placement

Simplified Installation:

Bend flat leg of CircleTrak® to desired shape.
Attach track to stud with required screws through
pre-drilled holes to secure flat strap in place.
