American Bungalow Six Drawer Dresser

AC-D6 · 54"H x 38"W x 23"D

A study in flexibility, this adaptable dresser uses design elements from the first pieces of our signature Bungalow Collection. A solid cherry case is suspended from the table-like top and houses storage elements that can be configured in various patterns. The doors can be moved to the top or bottom, or you can choose all drawers. The case is braced at the bottom by a steel elbow and will not rock when drawers are pulled in and out. The traditional handles are imported directly from Japan.
